Mr. Gramling, in response to Mr. Turner's request for annexation, the property in question does not pose any undue burden on the fire department as to providing emergency services. The fire department already responds to the properties surrounding Mr. Turners.

Chief Hamrick:

You will recall that James Turner and I met with you regarding the annexation of his property at 1642 Highway 351. As we discussed, his property is the only current structure in a small strip east of Hwy 351 that is in the county. At that time you expressed that you had no objections.

I am writing to request that you send me an email to memorialize that conversation so that I may have it as part of the record for the city council so that they know there's no objection from the fire department. Thank you and best regards.
