

I visited with the client a few minutes ago. He agreed that a request is in order for the time and date of the Public Hearing regarding the above captioned abandonment.

We respectfully request the Public Hearing for this item be placed on the Council agenda for December 04, 2018. Council can set the time of the hearing at their discretion.

One question arises as we view the calendar for upcoming council meetings. If read at three different meetings, it appears the third reading would be scheduled for 01/01/19. I feel certain that will be rescheduled. Has council already addressed a rescheduling of that meeting, and if so, what is the new date?

Thank you,
