**RE: REQUEST FOR REZONING
PARCEL 01-144363-01100
JONESBORO, ARKANSAS**

Dear Mr. Smith:

On behalf of C3, LLC, we are pleased to submit this rezoning request to you. The subject property is located on the south side of State Highway 463 (E. Nettleton Avenue) approximately 675 feet north of Ingles Road. The property is currently zoned R-1 with an area of 0.55 acres. We are requesting I-1 Limited Industrial District rezoning for this property. The I-1 zoning will allow warehousing and storage.

Our request is based on the need for warehousing and storage to keep up with the growing population and needed storage space in Jonesboro. The following information is being submitted in the rezoning application as required:

- The property is zoned R-1 and was at the time the owner purchased it.
- The purpose of the rezoning is to allow warehousing and storage needed for the growing population in Jonesboro.
- The property will be used for mini storage developed in compliance with the Zoning and Development regulations as a less intensive storage facility that does not create annoyance for surrounding properties.
- This property will be combined with the west abutting property (Parcel 01-144363-01200), which is already an I-1 zone. We expect 12,000 to 15,000 square feet of storage equaling approximately 80-90 storage units over the two parcels.
- The Future Land Use Plan designates this area as high intensity; therefore, our proposal is consistent with the Comprehensive Plan.
- The proposed rezoning will allow development in the area and provide more construction employment opportunities.
- The proposed rezoning is compatible with adjacent industrial and commercial uses. All adjoining properties are industrial, commercial, limited residential, and undeveloped uses.
- There are no substantial reasons why the property could not be used under its current zoning, however, the zoning requested provides the most effective use considering the

surrounding areas. There is also no access to a sewer for residential use. The property is also within a floodplain and would therefore be more costly to raise the elevation for residential development.

- The proposed rezoning will be developed with compatible materials, landscaping, and lighting for the area.
- The property has not been developed within the last 30 years.
- The project does not have an impact on the City or Emergency services. The needed water utilities and drainage will be extended to serve this area with adequate capacity, along with a frontage sidewalk to adhere to the City's ordinances.
- If approved, development would begin in Spring 2024.
- A meeting has not been held at this time, but we have informed adjacent property owners.
- This application is not for a limited use overlay.

We appreciate your consideration of our request and look forward to working with the City of Jonesboro through the Rezoning Process. Please do not hesitate to contact me if there is anything needed to assist in the review of this application.

Sincerely,

CRAFTON TULL

REZONING INFORMATION:

The applicant is responsible for explaining and justifying the proposed rezoning. Please prepare an attachment to this application answering each of the following questions in detail:

- (1). How was the property zoned when the current owner purchased it?
Residential (R-1)
- (2). What is the purpose of the proposed rezoning? Why is the rezoning necessary? **I-1 Zoning allows warehousing and storage**
- (3). If rezoned, how would the property be developed and used?
Mini Storage developed in compliance with the City of Jonesboro Zoning & Development regulations
- (4). What would be the density or intensity of development (e.g. number of residential units; square footage of commercial, institutional, or industrial buildings)? **12K-15K square feet of storage units with drive**
- (5). Is the proposed rezoning consistent with the *Jonesboro Comprehensive Plan* and the *Future Land Use Plan*?
This proposal is consistent with both Comprehensive & Land Use Plans, shown as High Intensity.
- (6). How would the proposed rezoning be the public interest and benefit the community?
The proposed Rezoning will allow development to provide employment opportunities and storage options.
- (7). How would the proposed rezoning be compatible with the zoning, uses, and character of the surrounding area?
Proposal is compatible with adjacent industrial and commercial uses.
- (8). Are there substantial reasons why the property cannot be used in accordance with existing zoning? **Proposal provides most effective use considering surrounding areas, considering sewer is not available for residential.**
- (9). How would the proposed rezoning affect nearby property including impact on property value, traffic, drainage, visual appearance, odor, noise, light, vibration, hours of use or operation and any restriction to the normal and customary use of the affected property. **This proposal will be developed with compatible materials, landscaping, & lighting.**
- (10). How long has the property remained vacant?
Subject tract has not been developed in the last 30 years.
- (11). What impact would the proposed rezoning and resulting development have on utilities, streets, drainage, parks, open space, fire, police, and emergency medical services?
The proposed project does not have an impact on City or Emergency services.
- (12). If the rezoning is approved, when would development or redevelopment begin?
Spring 2024
- (13). How do neighbors feel about the proposed rezoning? Please attach minutes of the neighborhood meeting held to discuss the proposed rezoning or notes from individual discussions. *If the proposal has not been discussed with neighbors, please attach a statement explaining the reason. Failure to consult with neighbors may result in delay in hearing the application.*
A meeting has not been scheduled at this time due to the non-controversial request.
- (14). If this application is for a Limited Use Overlay (LUO), the applicant must specify all uses desired to be permitted.
This application is not for a limited use overlay.
