Unless a Limited Use Overlay is requested and agreed on by the applicant(s), no conditions by the Commission or Council can be placed on a successful rezoning. ## **STAFF FINDINGS:**

### **APPLICANTS PURPOSE:**

The applicant is requesting approval of rezoning that will promote a use of the subject property. With recent commercial growth in this area, this tract is a premier location for commercial development. The site is no longer conducive to single family development due to the expanse and variation of commercial development. There are numerous types of development in the area including a toy store, a veterinary clinic, and an electronics store.

### **The purpose of C-3 General Commercial District:**

The purpose of this district is to provide appropriate locations for commercial and retail uses which are convenient and serve the needs of the traveling public. The district also provides locations for limited amounts of merchandise, equipment, and material being offered for retail sale that are more suitable for storage and display outside the confines of an enclosed structure. Appropriate locations for this district are along heavily traveled arterial streets. Development of groupings of facilities shall be encouraged, as opposed to less desirable strip commercial.

### **ZONING CODE ANALYSIS:**

Below is the permitted use table excerpt, which depicts the various uses allowed by-right or as a Conditional Use application. By default a number of the uses will not be allowed merely because of required size/space and minimal lot/bulk setback regulations. The applicant has proposed a rezoning to C-3 L.U.O. 1. That a Final Development Plan shall be filed and approved by the Planning Commission and no new work shall commence prior to Final site Plan review and approval by the MAPC on the undeveloped unplatted acreage.
