

PETITION AGAINST ORDINANCE 17:063

Ordinance 17:063 states - An Ordinance to amend Chapter 117, known as the zoning ordinance providing for changes in zoning boundaries from C-3 to RM-14 for property located at the end of Gladiolus Drive.

We, the undersigned citizens of Jonesboro, Arkansas, strongly oppose Ordinance 17-063 to rezone the property at the end of Gladiolus Drive from C-3 to RM-14. If this rezoning passes, it would allow 280 apartments to be built on the property.

We further recommend that the Jonesboro City Council reject the request to change the zoning on said property to permit construction of additional apartments in this area.

It is clear that the granting of this change in usage:

- Will take away more of our area's shrinking green space
- Have a negative impact to residents and emergency personnel that must commute on roadways that already struggle to support the ever growing traffic volume
- Crime in the area has increased with the building of apartments already in the area and we anticipate a further increase in crime if this zoning request is granted
- Decrease property values
- Decrease of quality education in the Nettleton School District

We, the undersigned residents in this area, strongly encourage the Jonesboro City Council to oppose this Ordinance.
