South:	C-3	General Commercial
East:	R-1	Undeveloped
West:	C-3	General Commercial

HISTORY: This lot was undeveloped prior to the existing building.

Zoning Code Analysis:

In carrying out the purpose of this section, the following development standards and design specifics shall be subject to review and approval. The appropriateness of these standards shall be determined for each specific **conditional use** location.

- (1) The proposed use is within the provision of conditional uses as set out in this chapter.
- (2) The proposed use conforms to all applicable provisions herein set out for the district in which it is to be located.
- (3) The proposed use is so designated, located and proposed to be operated that the public health, safety and welfare will be protected.
- (4) The proposed land use is compatible with and will not adversely affect other property in the area where it is proposed to be located.
- (5) The size and shape of the site, including the size, shape and arrangement of proposed structures, as well as signage related thereto, is in keeping with the intent of this chapter.
- (6) The proposed ingress and egress, internal circulation system, location and amount of off-street parking, loading and pedestrian-ways are sufficiently adequate, and not inconsistent with requirements of this chapter.
- (7) The proposed landscaping and screening of the proposed use are in accordance with provisions of this chapter.

Applicant's Proposal:

The property is located in a pre-existing C-3 General Commercial District. While the proposed location is feasible and appropriate, the Zoning Code requires that the request be approved by the MAPC. Staff anticipates no issues with this application and feels confident that it will meet all other requirements such as setback, height and parking lot capacity. The interior refinish work is pending approval by the Chief Building Code official regarding building code and change of use requirements.

Conclusion:

Staff finds that the requested Conditional Use: Case 17-09 will be a proper fit into the general project vicinity and will promote sound land use planning for the City of Jonesboro.

MAPC should consider the following conditions if the request is granted in full on the basis of the Conditional Use:

1. That upon issuance of the Zoning Permit Approval, all other building permit and other permits and licenses required locally and statewide be applied for and obtained by the applicant.
2. The applicant will be required to adhere to all codes and ordinances regarding parking lots.

Respectfully Submitted for Commission Consideration,
The Planning Department

Sample Motion: I move that we place Case: CU 17-09 on the floor for consideration of recommended approval by the MAPC with the noted conditions, and we, the MAPC find that the proposed storage sheds will be compatible and suitable with the zoning, uses, and character of the surrounding area, subject to the Final Permit review and approval by the Planning, Engineering and Inspection Departments in the future.
