**Subject:** Metropolitan Planning Commission

Dear Commissioners:

Pursuant to my previous email of 10/10/17, I represent Linda Lambert, who owns and resides at 211 Scott Street, Jonesboro, Arkansas. It is our information and understanding that you are holding a meeting this evening, being your 3rd and final meeting relative to the variance request on several acres on Scott Street and Old Greensboro Road. Per my email of 10/10/17, her objections are that she believes the variance would cause an increase in crime and traffic and would adversely affect the value of the property. Additionally, a multi family housing project will greatly stretch the resources of the police and fire departments.

I would again ask that Ms. Lambert's objection be entered into record. Please feel free to publish this objection at your meeting this evening.
