John Easley of Associated Engineering on behalf of Craighead County Judge Marvin Day is requesting MAPC approval for a Rezoning from R-1 Single Family Residential District to I-1 General Industrial District for 45.04 Acres +/- of land located at 901 Willett Road.

APPLICANT: Mr. John Easley represented Judge Marvin Day. They are asking for a rezoning on half of the jail property, to add juvenile detention center. This would change from "R-1" Single Family Medium Residential District to "I-1" Limited Industrial District.

STAFF: Mr. Derrel Smith said we have reviewed it, R-1 is not appropriate for a Jail. We would recommend this be zoned properly to an I-1 with the three following conditions:

1. That the proposed site shall satisfy all requirements of the City Engineer, all requirements of the current Stormwater Drainage Design Manual and Flood Plain Regulations regarding any new construction.
2. A final site plan subject to all ordinance requirements shall be submitted, reviewed, and approved by the Planning Department, prior to any redevelopment of the property, which will include parking, signage, landscaping, fencing, sidewalks, buffering, etc.
3. Any change of use shall be subject to Planning Commission approval in the future.
