

My name is Adam Stormes. I am a native Arkansan from the Jonesboro area and Arkansas State University Alum. I recently decided to change career paths and pursue my passion for taking care of animals. My business Happy Tails Playcare LLC will be an upscale pet daycare and boarding facility that offers a wide variety of services and merchandise for pet parents. Our mission it to enrich the lives of pets and their families by providing excellent pet care, peace of mind, trust and security. Our goal is to be the preferred choice for alternative pet care by offering a variety of affordable pet care services. I will be dedicated to creating a safe, fun and nurturing environment for pets while ensuring a quality and personalized experience for the pet and pet parents. My ultimate goal is to be the trusted choice for pet parents in the Jonesboro area by providing dedicated top tier services and professional care. After months of scouting I found the perfect location to achieve my goals and set my business up for success. I would like to seek your permission and obtain a conditional use permit so that I may use this location as my business in the city of Jonesboro.
