4. Pending Items

5. Other Business

Rotary Park

Councilman Charles Frierson asked if the damage done at Rotary Park was covered by insurance. Mr. Huffstetler answered the only damage he knows of at the park was a wind chime game. He noted the City has ordered a new game.

Smoking at Craighead Forest Park & the City Cemetery

Mayor Perrin explained the areas around the splash pad and playground equipment at Craighead Forest Park will be no smoking. He noted the smoking area will be at the pavilion across from that area. Mr. Huffstetler stated he bought "No smoking within 50 feet" signs and cigarette butt containers for this area.

Councilwoman Ann Williams asked about the area around the City Cemetery on Matthews Avenue where the staff and patients of St. Bernards smoke. Mr. Huffstetler explained his workers pick up the cigarette butts every morning in that area.

Councilwoman Williams then asked if the City could make that area no smoking . Mr. Huffstetler answered that is up to the City to decide because it is City property.

Discussion was held concerning what other solutions could fix the problem.

Concession stand at Southside Ballpark

Mr. Huffstetler explained the company is putting the metal siding on the second story of the concession stand today. He added the inside does not have sheetrock because the beams were not done right and need to be fixed. He noted the project

was suppose to be done by September 3, but they hope to have the concession stand done by Halloween.

Mayor Perrin stated the City will hold the company to the penalty of \$150 a day for not being done by the deadline.

Discussion was held concerning the number of kids playing in the various sports offered by the City.

Harvest Cup sponsorship

Mr. Huffstetler noted Riceland will be the sponsor for the Harvest Cup in October. He added the cost of the sponsorship is \$2,500.

JETS Transit Development plans

JETS Director Steve Ewart explained the Community Advisory Board is in the process of finalizing the Transit Development plans, which will be presented to the Mayor on September 26.

Councilman Frierson asked if a consultant helped with this plan. Mr. Ewart answered the only consultants were City employees.

Buses for the Red Wolves football game

Mr. Ewart stated JETS ran four buses for the Red Wolves football game on Saturday night. He added they receive a lot of interest from senior citizens about taking the bus to the games.

JETS Route 35

Mr. Ewart explained that Route 35 is running beyond capacity, because it is the route that takes citizens to work. He added the ridership for this route had as many riders as the other 2 routes combined for the whole month. He noted in a few years they will need a larger bus for this route.

Buses for the NEA Fair

Mayor Perrin stated the fairgrounds will need to have a backup plan when it rains because all of the parking will not be done in time for the fair. He added the City will need to work with ASU on allowing citizens to park there so they can be bused to the fairgrounds.

Mr. Ewart explained Mr. Jerry Reece with the NEA Fair wanted a fixed route that could be run all day while the fair is in town. He added he told Mr. Reece the City does not have the ability to accommodate that kind of route, but the City will help out as much as possible.

Miracle League

Mr. Huffstetler noted the City had their first meeting last week with all the contractors.

Discussion was held concerning what companies will be able to help out with this project.

Mayor Perrin stated the City is hoping to have all the matching funds by the end of the year for this project.
