Subject: RE: legislation

In a nutshell, this legislation identifies a number of parks across the State and if we are successful, earmarks a sum of money for each. The money can be spent anyway the local entity wants to as long as it is spent on the park for capital improvements. This is a long shot, but I am hopeful we will get there.

Bryan,

Is there a way you could tell me more about this legislation? Are there any restrictions placed on the parks as far as future development? How will capital improvement money be generated for the park? Are there any ties to how the money can be used?

I am meeting today at 5:00 p.m. with my City Council Committee to present the Landmark Park Legislation support letter to them for approval. Is it too late for me to send you a letter tomorrow?

Jason Wilkie
Director
Jonesboro Parks and Recreation

Jason,

The City of Little Rock is trying to introduce Landmark Park Legislation - this legislation will establish six landmark parks around the state.

The parks are War Memorial in Little Rock, Burns Park in North Little Rock, Saracen Park in Pine Bluff, Entergy Park in Hot Springs, Craighead Forest Park in Jonesboro and Lake Fayetteville Park in Fayetteville. If the legislation is successful, it is our hope to get each park a significant amount of money for capital improvements. We need a letter of support from each Park Director ASAP. Letters and questions can be directed to Bryan Day, City of Little Rock Assistant City Manager. Contact information is bday@littlerock.org, 501-371-4510.

Thank you for your timely response to this matter,

Kitty Lane
