Re: Mauri and Kathy Cole

Dear Mayor Brodell:

I represent Mauri and Kathy Cole who live at 2100 Tanglewood. This house is located on Lot 6 of Block "C" of Briarwood 6th Addition to the City of Jonesboro. A copy of the plat showing this lot is attached to this letter.

In July of 85 we were before the City Council to complain that the developers had not paved an installed Loberg Lane as outlined in the subdivision plat. We are asking again to appear before the City Council to request that this be done. The developer of this subdivision was Guy Pardew, Jr. and a view of the area will show you that Loberg Lane is unimproved and gravel along the east side of my clients lot. We are asking that the City Council use their full powers to see that this lot is paved or for the City to pave it. We feel like it is the developers responsibility, but we need the City's help to get this done.

Please put this on the council's agenda for Monday, August 15, 1988. If there is any problem with this date, please let my office know. I am sending a copy of this letter to Guy Pardew, Jr. to let him know of our request; however, we would like some official notification to be given to him to try to get something accomplished at this meeting. I am also sending a copy of this

letter to all the Councilmen so that they will know what is coming up. Thank you for your assistance.
