Mayor Hubert Brodell
City of Jonesboro
PO Box 1845
Jonesboro, AR 72403-1845

Dear Mayor Brodell:

It has truly been a pleasure working with both you and your staff as we established our operation here in Jonesboro. As you know, we are well ahead of schedule and with that the population in our plant continues to grow.

With that in mind, there is a growing concern regarding the width of Nestle Way. Due to the increase in traffic and a few unfortunate incidents that have occurred such as trucks going into the ditch and a serious accident involving our General Contractor Superintendent, I would like to ask that a meeting be conducted to review widening the road to incorporate a shoulder.

I also wanted to follow-up with you to see how things were progressing with the renaming of Cottage Home Road into Nestle Road within the city limits. I understand that concerns were raised from a County perspective in changing Roger's Chapel Road and that the portion of Roger's Chapel Road outside of the city limits would not be changing.

If you could let me know, at your earliest convenience, when we could meet and who would be the appropriate attendees for said meeting I would truly appreciate it.

I look forward to hearing from you.

Sincerely,

Michael L. Nelson Jr.
Plant Manager, Jonesboro, AR
