Meeting Minutes City Council

Monday, August 31, 2009

6:30 PM

Huntington Building

PUBLIC WORKS COMMITTEE MEETING AT 5:30 P.M.

APPEAL HEARING AT 6:15 P.M.

Ms. Stacey Bond, 4510 Harrisburg Road, explained they are appealing the decision made by the MAPC to deny their request for a conditional use. She further explained there were three votes for the conditional use and two votes against it, but there were also some commissioners absent at the meeting. She noted she has followed the rules required for the conditional use. She also noted the area in which they want to put their home in does not consist of million dollar homes; rather, they are mostly older homes that are still in good shape. She provided the Council with a picture of a Clayton manufactured home and stated that is the home they are looking at building. Ms. Bond explained they are looking at a modular home in which the home is built off-site and then brought on-site after it's built. She further discussed the home they are looking at purchasing. She noted once it is brought on-site it will be considered a residential home and will not depreciate the values of the surrounding homes. Councilman Hargis questioned the size of the property. Ms. Bond stated the property is right at four acres and will not be subdivided.

Mr. Michael Stallings, 4521 Finn, read his prepared statement. He noted all of the surrounding property owners have signed a petition stating they are against the conditional use, with the exception of one property owner that was not at home. He referred to the older homes located on Main Street and stated manufactured homes do not hold up like those homes located on Main Street.

Councilman Street questioned whether the surrounding property owners were required to approve the conditional use. City Planner Otis Spriggs explained under the conditional use process the only requirement they have is to notify anyone within 200 feet and give those property owners the particulars of the public hearing so they can appear if wanted. Councilman Johnson then questioned whether they have granted a conditional use for a permanent manufactured home or if it's usually on a temporary basis. Mr. Spriggs answered yes, there have been a number of those cases since he started his position in 2006. He discussed the requirements for a conditional use for a manufactured home. He added the MAPC has approved about five conditional uses since 2006. He noted those decisions were made by MAPC and did not appear before Council. He explained this is an appeal due to an MAPC denial, while the other requests were granted by the MAPC. Councilman Frierson referred to the MAPC minutes and noted Commissioner Tomlinson had found 17 design standards for this type of request and stated the request met all 17 standards. Mr. Spriggs agreed, adding the petitioners have to meet all 17 standards. Councilman Dover questioned why MAPC allowed other conditional uses for manufactured homes, but denied this one. Mr. Spriggs stated in this instance they barely had a quorum due to the absence of three commissioners. He explained they needed five votes minimum to pass the measure. Councilman Dover then questioned whether the Bonds' should go back to the MAPC. Mr. Spriggs stated the Council does have the discretion to have the Bonds' go back to the MAPC. Councilman Street expressed concern over the request being permanent and noted that they typically uphold the decisions of the MAPC. Councilman Dover asked whether there is a difference between referring the request back to the MAPC and upholding the MAPC's decision to deny the conditional use. Mayor Perrin explained if the Council votes to uphold the decision, then the request would be denied. Councilman Street questioned whether or not the Council can send the request back to the MAPC since the MAPC has already voted on it. City Attorney Phillip Crego stated the process exists, but since

there are no new findings. He explained if the Council decided to send the request back to MAPC, then they should also send guidance, such as needing other facts in order to make a determine, as opposed to just asking the MAPC to re-vote on the request. Councilman Moore questioned whether all conditional uses for a manufactured home have been approved by the MAPC. Mr. Spriggs stated he does not remember an accurate count, but he believes the majority of the requests have been approved. Councilman Johnson then asked whether anything else could be built on the property due to the conditional use. Mr. Spriggs answered no, it would just be this one structure on this lot. He explained the only exception would be if something happened and the home burned down, then the property owners would be allowed to re-build.

Councilman Street moved, seconded by Councilman Moore, to uphold the decision of the Metropolitan Area Planning Commission to deny a conditional use for placement of a manufactured home located at 4510 Harrisburg Road as requested by Garrett and Stacey Bond. A voice vote was taken resulting in all members voting aye with the exception of Councilman Charles Frierson who voted nay. The motion carried.

Presentation by Sgt. Larry Rogers regarding the Animal Control Department

Attachments: [Presentation](#)

Sgt. Rogers discussed the Animal Control Department.

Councilman Hargis questioned whether the department still hosts other Animal Control Departments from around the state on a yearly basis. Sgt. Rogers explained since the Police Department has taken over Animal Control, the Law Enforcement Academy has implemented animal cruelty into mandatory training for law enforcement officers. He further explained he teaches the classes at Black River Technical Center. He stated they have discussed the need for state-wide minimum standards for animal control officers to be taught. He added there are some seminars, with one being in Hot Springs this year.

Mayor Perrin stated they have been working with CWL concerning the rural water building. He explained the fire station on Highway 18 appraised for more than the rural water building, but they are working on the final details. He further explained if they are able to swap the land the Parks Department will be housed in that location.

Mayor Perrin noted sales tax collections were down in August by \$215,000. He added they hope those numbers will start increasing, but year-to-date sales tax is down by about 2.1% from 2008.

Mayor Perrin announced Ms. Karen Bassett from ADEQ will be here September 10. He explained they hope to discuss with her plans for a compost site.

Mayor Perrin also announced Congressman Marion Berry will be holding a water resource meeting with the Corps of Engineers on September 2nd at 2:00 p.m. at Congressman Berry's office.

Mayor Perrin stated the Revenue Enhancement Committee will meet this week and will be taking their recommendations to the Finance Committee. He explained the committee has looked at all of the fees being charged by the City in every department, which some have not been increased in 25 to 30 years. He further explained he will be sending the Council a full copy of the findings so everyone can take a look at them.

Mayor Perrin announced a meeting with the president of the Homebuilder's Association on September 3rd to discuss working with the City. He also announced a Sanitation Committee meeting tomorrow, September 1st, at 2:00 p.m.

Mayor Perrin then announced a CDBG meeting on September 10th at 6:00 p.m. at Parker Park. He explained Grants Coordinator Gayle Vickers has been working with a major foundation and will be handing out details on that project during the meeting. He invited the Council to the meeting.

Mayor Perrin stated they will have a booth at the fair for the sesquicentennial celebration. He invited the Council members to work at the booth.
