PLAYWORLD SYSTEMS, INC. has achieved ISO 9001 certification. Awarded by SGS International Certification Services, Inc. in 1998, ISO 9001 is an exacting quality control standard for companies that design, manufacture, sell, and service products throughout the world. The standard contains stringent criteria that apply to every facet of doing business including sales, customer service, engineering, manufacturing, quality assurance, and shipping. Playworld Systems, Inc. is proud to hold this prestigious designation, another sign of our continuing efforts to provide our customers with the highest-quality products and services available.

In the interest of public playground safety, IPEMA provides a Third Party Certification service whereby a designated independent laboratory validates a manufacturer's certification of conformance to the ASTM F1487 (excluding Sections 10 and 12.6.1) Standard Consumer Safety Performance Specification for Playground Equipment for Public Use. The use of the IPEMA Certification Seal in Playworld Systems' catalog signifies that the manufacturer has received written validation from the independent laboratory that the product(s) associated with the use of the seal conforms with the requirements of ASTM F1487 (excluding Sections 10 and 12.6.1). A complete list of validated products may be found at IPEMA's web site at www.ipema.org.

The European Norm EN1176 PLAYWORLD SYSTEMS, INC., is committed to manufacturing products that meet or exceed the New European standards. Most Playworld Systems products have been tested and certified by TÜV to be in compliance with the European Playground Equipment Standard EN1176.
