Ms. Cindy Smith from JETS stated that they have received 5 bids for this project and Stonebridge Construction had the lowest bid at \$78,450. Chairman Charles Frierson asked what the project consisted of redoing. Ms. Smith stated they are renovating the building that houses the dispatch office because it does not have very good circulation. Chairman Frierson asked how much was budgeted. Ms. Smith stated that they budgeted \$174,000 for the whole year but they will be only using \$78,450 of that money for this project. Councilman Hargis questioned whether they were accepting the low bid. Ms. Smith answered yes. Councilman Hargis then asked what other projects were budgeted for to use the rest of the money in the line item. Mr. Tony Thomas stated there were three projects budgeted in that area based on priority and this one is the main priority because of the heat issue. He also stated that once this project is completed they will move on to the next project.
