I acknowledge my understanding that all the improvements shall conform to the approved Site Development Plan. The City Planner for the City of Jonesboro must approve in writing any deviations, variances, or changes from this approved Site Development Plan. All construction shall be in compliance with the Zoning Ordinance and with the conditions of the Zoning Permit, and with all forward ordinances governing this type of work. The design professional (architect, engineer, or landscape architect) issuing the approved Site Development Plan shall periodically inspect the construction and supervision of all site improvements and prior to issuance of a Certificate of Occupancy, the design professional shall submit a letter to the City Planner verifying that construction has been completed in accordance with the approved Site Development Plan.
