Chairman Joe Hafner said that looking at the renderings from the architect it looks like it will be a first class trail system. Chairman Hafner explained that he really liked how it was going to work, and that if we are going to do trails like this we need to make sure that they look good, and that they are an attraction and first class. Chairman Hafner asked if there were any other comments.

City Attorney Carol Duncan said that the Deputy Clerk, April Leggett attached two comments to this resolution and they are in legistar. They stemmed more toward whether or not to move forward with the project, not really grant related. We are not reading those here tonight, they are there in legistar if you want to review them, they have nothing to do with applying for the grant. Attorney Carol Duncan said I think those are topics of how it's going to look, how it will work that will come up later, and you all will be reviewing that again, and that might be the better place for that discussion. Chairman Joe Hafner said, okay. Attorney Carol Duncan said you all have already approved to do the trail. Chairman Joe Hafner said, this is here just to approve to apply for the grant. City Attorney Carol Duncan said correct, all this is for is to apply for the grant.

A motion was made by Councilperson John Street, seconded by Councilperson LJ Bryant, that this matter be Recommended to Council . The motion PASSED with the following vote.

Aye: 4 - Charles Coleman;Ann Williams;John Street and LJ Bryant

Absent: 1 - David McClain

6. Other Business

Chairman Joe Hafner said the only comment I have under other business is that I am very pleased with how our sales tax looked. I think we are very, very fortunate in that we didn't see a lot more of a decline. We are very lucky that our sales tax base remained as strong as it did.
