

I Jeff Andrews of
5312 Richardson Drive Jonesboro AR 72404
is requesting A VARIANCE from the
city council of Jonesboro AR for A
40X40X16 pole barn.

I'm needing A VARIANCE for the size
of the shop which will be 1600 sq ft
building which would be located at the
back of my property. My house is A
1800 sq ft home located on A dead end
road with woods behind + A CORN field on
the right side which part of CORN field is
in the county. In front of me is A VACANT field.

My resident at 5312 Richardson is
just off of Frog Pond Road is the only
home on this street, My Request for
this size building is so I would have
enough room for my Dump Truck to be parked
on the inside Along with A Boat, pickup truck
+ etc. This building would keep my
property safe and would also keep my
resident neat + clean.
