I understand that...but my understanding was it would be taken out of the contract that we signed because of that, and it wasn't. So we still are potentially waiving our immunity. I signed the agreement, I am just advising you again of what I verbally told you prior.

I received the STEP agreement for my signature today. Apparently this was on the council agenda Tuesday night in my absence. The indemnification clauses that I believed needed to be removed are still in the contract. As I stated prior, I am not going to hold up the process if you want to move forward with that language. I simply need to document that I have advised you that we may be waiving our tort immunity due to agreeing to indemnify the Highway Department.
