**8. MAYOR'S REPORTS**

*The Legislative Audit that was recently completed was one of the cleanest audits the city has had. Councilman Moore congratulated the Mayor and his staff on such a clean audit.*

*Chief Financial Officer Ben Barylske was recognized as the Arkansas Business Chief Financial Officer of the Year for 2014. Councilman Moore congratulated Mr. Barylske.*

*Councilman Moore asked for an update concerning the Talley property at 318 Leslie Ann. City Engineer Craig Light explained at the last Council meeting the Council voted for the Public Works Committee to discuss this issue at their December*

meeting. Mr. Jeremy Talley was in the Engineering Department this afternoon, but he was not available to speak to him. Mr. Talley explained he would like to know when MATA re-routed Aggie Road/Stadium Blvd. He knows it was Project 723. He further explained both times his property has flooded because the ditch has overflowed and his drainage had nowhere to go. He would like to know when the job was started and completed. He further explained when the work was done by the city in 2009 the leftover dirt was used by a developer to the south of his property that raised his lot causing more water to flow down to his residence. He asked the city to look at that as well. Mr. Talley also stated that the Engineering Report from the last meeting indicated no developments have occurred in the area recently. But a neighbor has put an addition on their house about three years ago, plus the school added a large wing to the school as well as building a parking lot. All those projects have contributed to the water flow to his neighborhood. He asked that those projects be looked at as well. Councilman Moore stated that his request will be sent to the Engineering Department. Mr. Talley asked that they look at the re-routing of Aggie Road to make sure the drainage was sufficient. He referred to a culvert where debris backs up and causing water flow issues. Mr. Light explained the culvert is actually located on Arkansas State University property and is not regulated by the city and had no involvement in the installation of the box culvert. Councilman Moore stated they will get answers so the issues can be discussed at the next Public Works meeting.

**COM-14:092**

Councilman Dover motioned, seconded by Councilwoman Williams, to suspend the rules and place RES-14:195, RES-14:197, RES-14:198 and ORD-14:072 on the agenda. All voted aye.

**RES-14:195**

RESOLUTION AUTHORIZING THE CITY OF JONESBORO, ARKANSAS TO JOIN THE CITIES OF SERVICE ORGANIZATION

**Sponsors:** Grants

**Attachments:** [Declaration of Service to Join form](#)

Councilman Gibson motioned, seconded by Councilwoman Williams, to adopt the resolution.

Councilman Vance asked that the coalition be looked at further before adoption due to questions brought up at the Finance Committee meeting earlier this evening. Councilman Moore explained during the meeting he brought up the fact that the city is accepting a grant with no obligations from a group out of New York. He wanted to know if the city's name is going to be used on that coalition's agenda, but was told by Grants Administrator Heather Clements that would not happen. The group is the city is getting the grant from is funded by Michael Bloomberg. He expressed concern at the committee meeting about Jonesboro being associated with a group that does not follow the ideals of Jonesboro. Councilman Vance agreed, adding that some of the things Mr. Bloomberg stands for does not go along with what Jonesboro stands for. He further stated he is not worried about any obligations that may come along with the grant; rather, he is worried about being associated with a group the city may not want to be associated with. Councilman Coleman recommended getting more information before the city makes a decision on the resolution.

Councilman Gibson rescinded his motion for adoption.

Councilman Vance motioned to table the resolution.

Councilman Dover asked for details concerning the grant. Ms. Clements explained it is a grant for up to \$30,000 to implement community services, such as community engagement and volunteer engagement. The money will be used to plan for those services and implement them. It will basically take what the city has done with groups such as the North Jonesboro Neighborhood Initiative and implement it in other areas of the city. The grant is privately funded, but is partnered with a federal agency called CNCS which is part of Department of Human Services.

Councilman Street asked if the City Attorney's Office reviewed the resolution. Assistant City Attorney Carol Duncan stated they reviewed the resolution as to form, but did not research it. She thought that was why it was being presented to Council, for the Council to decide whether or not they wanted to be a part of it.

Councilman Moore asked if the resolution can be held, reviewed by the Mayor and then brought back at the next meeting with a recommendation by the Mayor. Ms. Clements stated she has already discussed this resolution with the Mayor in detail or it wouldn't have been on the agenda. She added if there are concerns, then the resolution should be held until Council can fully support it. She noted if the declaration is not approved tonight the city will not be eligible to apply for the grant, but there are other grants to apply for.

City Clerk Donna Jackson noted Councilwoman Williams did not rescind her second for adoption. Councilman Moore stated since Councilman Gibson rescinded his motion for adoption, if no other action is taken by the Council the resolution will not be approved due to lack of action.

**A motion was made by Councilman Charles Coleman, seconded by Councilman Gene Vance, that this matter be Postponed Temporarily . The motion PASSED with the following vote:**

**Aye:** 11 - Darrel Dover;Ann Williams;Charles Frierson;Chris Moore;John Street;Mitch Johnson;Gene Vance;Chris Gibson;Rennell Woods;Charles Coleman and Todd Burton
