Mayor Hubert Brodell
Members of the Jonesboro City Council
Executive Office, City Hall
P.O. Box 1845
Jonesboro, AR 72403-1845

Gentlemen:

As you know, Jonesboro has benefited greatly from the Craighead County Conservation District's involvement in such community projects as those on Woodsprings Road and on North Culberhouse Street, for which we obtained construction costs of approximately \$26,000.00 and \$78,600.00, respectively, in addition to engineering survey, design, and inspection charges.

We now look forward to helping with the West Jonesboro Floodplain Management Study and with city parks improvement work, but as funds are running low for us, we are now attempting to generate matching funds from the Arkansas Soil & Water Conservation Commission. ~~\$3,000.00 from the Jonesboro City Council would be a tremendous help at this point, since it would then bring a matching \$3,000.00 from the Commission.~~

Any assistance you can provide us in this area will be truly appreciated.

With Best Regards,

Dan Purnell
