RE: Downtown to A-State Connection

To whom it may concern,

The City of Jonesboro Parks and Recreation Department does all maintenance for all trails within the city limits. This letter represents our assurance that the Department will maintain the Downtown to A-State Trail for the City. The Department will mow, trim, apply weed control, and ensure housekeeping along the trail will be done on a routine basis throughout each year. Annual inspections of the trail asphalt will be performed annually to ensure any repairs are made in a timely fashion through our annual asphalt contracts.

Sincerely,

Wixson Huffstetler
Parks and Recreation Director

cc: Kimberly Marshall, Grants Administrator
