

Reason for the urgency in this easement abandonment...

David and I recent relocated back to Jonesboro from Tennessee to care for my parents, Mr. and Mrs. Paul Wimpy, who are having major health issues. I'm an only child and their sole caregiver. Our desire is to build on the lots next to them. Right now we are living with my parents, which is not an ideal situation. All of our belongings are in a storage unit in town. With the winter season upon us, we would really like to proceed with getting this abandonment approved so we can get a driveway and our slab for the house poured. We certainly would appreciate any efforts to help speed up this process.

Sincerely,
Belinda Chapman
