

To Whom It May Concern

I was contacted by Michael Craig re: property at 3701 Casey Springs rd. which joins mine, he is wanting to build a shop on an existing concrete slab that is across a ditch that divides our respective properties and asked if I was in agreement with his request. I have no issues with the shop being placed where Mr. Craig requested.

*D. G. L.* of 3605 Casey Springs Rd.

To whom it may concern:

Michael Craig has my permission and approval to build a storage building on his lot that is adjacent to my property.
