**2010 Action Plan
Statement of Community Development Objectives
and Projected Use of Funds for 2010**

EXECUTIVE SUMMARY

The CDBG Program was established by the Housing and Community Development Act of 1974. The primary objective of this program is to develop viable urban communities by providing decent housing, a suitable living environment and economic opportunities, principally for lower income persons (defined as 80 percent or less of the City of Jonesboro area median household income).

The statutes for formula grant programs set forth three basic goals against which the Consolidated Plan, and the jurisdiction's performance under the plan will be evaluated the U. S. Department of Housing and Urban Development (HUD). Those goals are:

- Create a Suitable Living Environment
- Provide Decent Housing
- Create Economic Opportunities

Through the CDBG Program, the U.S. Department of Housing and Urban Development (HUD) provides funds to local governments for a wide range of community development activities for low-income persons. In order for an activity to be eligible for CDBG funding, it must be shown to address one of the following national objectives:

- Benefit people with low incomes (up to 80 percent of median)
- Aid in the prevention or elimination of slums and blight; or
- Meet an urgent need (such as earthquake, flood or hurricane relief)

The City of Jonesboro, Arkansas is beginning its Fourteenth year with Community Development Block Grant Program. The Annual Action Plan for Program Year 2010 represents the fourth year of the City of Jonesboro's second Five Year Consolidated Plan submitted for fiscal years 2007 - 2011. It is prepared in direct correlation with the specific goals and objectives stated therein. The Action Plan is in compliance with the U.S. Department of Housing and Urban Development guidelines for submission for Federal entitlement funds.

The City began its First program year on July 1, 1997, the Second year on July 1, 1998, and the Third year on July 1, 1999. In August 1999 the City received approval from HUD to change our fiscal year to January 1 of each year. Therefore, our third year program was for six months and our fourth year program began on January 1, 2000 and ended on December 31, 2000. Our fifth year and all subsequent program years begin as of January 1, of each year.

The actual level of funding Jonesboro receives from HUD is determined annually and is based upon a formula that all entitlement communities are subject to in relation to HUD's overall annual budget.

The City does not receive HOME, HOPWA, or ESG funds at this time. The anticipated HUD Community Development Block Grant allocation for the fiscal year 2010 is \$556,508.00. The annual Action Plan has been prepared according to the existing regulations governing the

Community Development Block Grant Program and the Consolidated Plan format. The activities and programs described herein are aligned with the Strategic Plan, as outlined in the 2007-2011 Five Year Consolidated Plan.

The 2010 Community Development Program highlights the number one goal in the 5 Year Consolidated Plan – Improve Livability and Availability of Affordable Housing to our low income residents with the highest priority being housing rehabilitation. Twenty individual projects are listed with 14% of the entitlement funding allocated to housing projects directly serving low income individuals; 45% allocated to the improvement of low income neighborhoods; 15% providing the social service programs that address a multitude of needs including education, life skills, employment, and homelessness. Project priorities are given to the designated low-income CDBG areas, and to those projects that serve the highest number of low income participants, and impact. The Jonesboro's 2010 Action Plan continues to reflect the true intention of the HUD Community Development Block Grant: *seeking to develop viable communities by promoting integrated approaches that provide decent housing, a suitable living environment, and expand economic opportunities for low and moderate income persons.*

As stated in the Five Year Consolidated Plan all of the City's Housing and Community Development projects serve in the Census tract areas that represent the highest density of low income populations, and/or serve as a direct benefit to low income individuals. Maintaining the current housing stock in these areas, especially for Special Needs (elderly and disabled) populations, is a high priority. Neighborhood revitalization is also a predominant consideration. The City of Jonesboro's priority objectives are to improve the housing and neighborhood livability, and the quality of life for low income, disadvantaged, and often underserved citizens.

City of Jonesboro Priority Objectives:

- Housing - Rehabilitation/Homeownership
- Neighborhood Revitalization/Beautification
- Economic Opportunity/Development/Job creation
- Public Services – Quality of Life/Life Skills/Special Needs

The City of Jonesboro is committed to the proper implementation of a balanced Community Development Program that maximizes benefits to low and moderate income persons both directly and through the improvement of their immediate neighborhoods. Through the provision of decent housing, a suitable living environment, educational and supportive services, and the expansion of economic opportunities we intend to change the face of our low income neighborhoods and provide our citizens with the needed resources to assist them in breaking both generational and circumstantial poverty. This year's primary focus remains on housing, neighborhood revitalization, and a broad range of public and social services addressing the core needs of our low income residents.

While the needs of the City of Jonesboro continue to far exceed the financial resources available through the Community Development Block Grant Program and the City's financial means, this funding makes it possible for Jonesboro to provide meaningful housing improvements, public improvements, and community restoration and development activities. It is through these activities that we address the quality of life issues that are essential in achieving a truly beneficial level of neighborhood specific community improvements. The following pages define the distribution of funds and outline the proposed projects and activities to be undertaken with the federal fund allocation.

**STATEMENT OF COMMUNITY DEVELOPMENT GOALS
2010 ACTION PLAN**

The City of Jonesboro continues to place major emphasis on HUD's priority goals of Housing, Neighborhood Revitalization, and the improvement of the quality of life through the provision of needed social services and education. This year's projects and activities address these goals directly as it increases accessibility of affordable housing and the viability for potential homeownership through the provision of homeownership counseling as well as direct homeownership financial assistance. The City will address the sustainability of our existing affordable housing through its preservation, improvement, and foreclosure counseling projects. The plan prioritizes Neighborhood Revitalization through the improvement of neighborhood safety and aesthetics, and the elimination of slum and blight. Quality of life issues are addressed through various forms education including life skills, financial, employment training, translation services, and other educational and supportive services for the elderly, disabled, youth and other low income citizens.

The City of Jonesboro's Department of Community Development is in the process of instituting a community initiative which includes the aforementioned partners as well as residents, churches, and the business community in one specific neighborhood. The initial launch included over two hundred participants including the Winthrop Rockefeller Foundation, and national speaker Gus Newport. It is the intention of the City to build a model of community involvement that directly addresses the poverty issues we face, provides community leadership, and enables this low income neighborhood to see marked change in the fiscal year 2010.

The City will also be participating in several other new collaborations with other community stake holders to further our efforts to address the needs of their individual neighborhoods. Through the 2010 CDBG program funds the City will be directly serving our low income and the special needs populations including youth, elderly, and the disabled and otherwise disadvantaged.

Our primary goal is to promote, sustain and preserve an excellent quality of life in the City of Jonesboro. Through the Community Development Objectives cited below we are continuing to conduct our activities in a manner designed to benefit our most vulnerable populations.

The following are the Goals to be addressed with the 2010 Program Year funding as they are stated in the Five Year Consolidated Plan:

3. Goal: Increase lead safe housing stock.

5. Goals: Increase housing and service opportunities extended to homeless persons.

ANTI-POVERTY STRATEGY

6. Goal: To assist in the reduction of households with incomes below the poverty line.

NON-HOMELESS SPECIAL NEEDS

7. Goal: Explore the possibility of expanding services and/or access to services for our special needs population.

PERSONS WITH HIV/AIDS

According to NARAN (Northeast Arkansas Regional Aids Network), there remain approximately 50 residents in Craighead County recorded with AIDS. In addition, there have been an additional 100 plus recorded cases of people with HIV in the County. The City will continue to support NARAN and their efforts to address this need.

PROJECTED USE OF FUNDS

The City of Jonesboro's 2010 allocation is anticipated to be \$556,508.00 for the Fourteenth Year Community Development Program. The plan was developed using an all inclusive citizen participation process in compliance with the regulations set forth in 24 CFR Part 91. These projects were selected after careful consideration of the City of Jonesboro's needs in relation to HUD's national objectives. As reflected in the table below Jonesboro has a higher percentage of poverty, and lower percentage of homeownership than our county, state, and nation. Therefore, the City has chosen to select the programs that will most directly address the immediate areas of need.

According to the US Census Bureau

	Jonesboro	Craighead Cnty	Arkansas State	United States
Persons below POVERTY percent, 1999	17.4%	15.4%	15.8%	12.4%
HOMEOWNERSHIP rate, 2000	57.7%	63.9%	69.4%	66.2%

<http://quickfacts.census.gov/qfd/states/05/05031.html>

The projects are designed with maximum feasible benefit for the low and moderate-income citizens. The City will continue to strive to meet the HUD national objectives as we increase the number of opportunities for our citizens to move from homelessness and/or poverty to housing, self sufficiency, and the possibility of homeownership.

Effectiveness

The 2010 Action Plan coincides with the national objectives and the 2007-2011 Consolidated Plan. The City of Jonesboro included in its consideration not only the information obtained during public hearings but through various agency and public collaborations, studies, focus groups, and surveys performed throughout the City.

Our Citizen Advisory Committee meetings included project updates, problem resolution, current need, long term goals, and the actual development of this Action Plan. The CAC met at length to determine which public service projects best fulfilled our immediate objectives as stated in the Consolidated Plan and set the amounts based on said objectives. With the full approval of the CAC they then recommended that complete plan be presented to the Mayor and City Council for their approval.

Notices of all public hearings and the availability of the 2010 CDBG proposed projects for a 30 day public review were published in the Jonesboro Sun newspaper. Copies of the complete 2010 Action Plan are available for public review and inspection during normal business hours Monday through Friday in the offices of the Department of Community Development located next to City Hall at 519 West Washington, Jonesboro, Arkansas.

ELEMENTS OF THE CONSOLIDATED PLAN

Managing the Process

The City of Jonesboro's Department of Community Development is responsible for the development and implementation of the Consolidated Plan. Various City Departments and local agencies assist in the collection of the needs data for preparation of the Consolidated Plan and Annual Action Plans, allowing for meaningful comparisons to be made in evaluating conditions within our City. This process allows for significant cost savings in the collection of the housing market and homeless needs data for preparation of the Consolidated Plan. The City of Jonesboro intends to utilize the existing City institutional structure. This structure will be enhanced with the ongoing use of public and private entities currently providing services to the public.

Citizen Participation Process

The City of Jonesboro follows its Citizen Participation Plan in development of the Consolidated Plan and Annual Action Plans. It is the goal of the City to encourage and facilitate participation of residents in the formulation of priorities, strategies and funding allocations for the Community Development Block Grant Program. The process emphasizes the involvement of extremely low, very low, and low income persons (especially those living in low income neighborhoods and diverse populations) including people who do not speak English and persons with disabilities.

The preparation of the 2010 Action Plan builds upon the public participation and input provided in developing the City's 2007 - 2011 Consolidated Plan Priority Needs Summaries as approved by the City Council which sets forth a five year plan citing Housing and Community Development Needs. The Action Plan follows the Consolidated Plan in its focus on those goals that will benefit lower income households and identifies which goals are anticipated to be carried out using federal CDBG funds allocated to the City.

Public input was obtained from two public hearing, and participation in public and service provider meetings. In an effort to broaden the public participation process for development of the Consolidated Plan and Action Plans, the City encourages broad involvement in the process and holds the meetings in locations in the neighborhoods we serve in order to facilitate participation. Efforts are also made to reach persons with disabilities by utilizing agencies that serve persons with disabilities.

Institutional Structure

The institutional structure for implementation of the Consolidated Plan includes non-profit organizations, other public agencies and educational institutions. The City of Jonesboro Department of Community Development is responsible for implementation of the Consolidated and Annual Action Plans.

The City provides funding and coordinates with nonprofit organizations that provide public services that benefit Jonesboro residents. The City also works with non-profit housing developers in the development of affordable housing in the City. Nonprofit organizations are therefore critical to achieving the Consolidated Plan goals.

The City is available to assist the Housing Authority in submitting applications for funding to increase Section 8 vouchers or provide additional funding for affordable housing or services in the City. The City coordinates its activities with other public agencies. The City regularly participates in JURHA, and non-profit meetings, focus groups, and faith-based activities.

The City assists non-profit agencies in securing other State and Federal funding by writing letters of support and assisting agencies in completing applications for funding. The City is also active in supporting the continued funding of the Section 8 Program and other programs that are crucial for affordable housing programs and public services.

The major strengths of the City's institutional structure is in the access to the various City Departments, and to a large number of very capable non-profit organizations who are highly competent in using available resources and leveraging funding, in order to achieve the desired housing and services.

Monitoring

The City of Jonesboro intends to use the existing delivery/reporting system to achieve its production and service goals. While this includes managing in-house programs, many programs and services will be contracted out to sub-grantees. The City plans to conduct an on-site monitoring assessment of the program activities of each sub-recipient in order to insure strict compliance with program guidelines as stated in their contractual agreement. The monitoring process includes quarterly reports, a review of contract compliance, program, capacity, performance, and timeliness.

Financial monitoring occurs on a quarterly basis with a review of invoices and supporting documentation to insure that all costs correspond to project services as outlined in the recipient's contract budget. The quarterly report includes additional information including client data, project activities, progress in meeting goals/objectives and specific achievements.

At the end of the contract year, the department compiles all the client demographic data and prepares a comprehensive statistical report that becomes part of the CAPER.

The City of Jonesboro includes the following statement on every bid document in order to encourage minority business participation:

Minority Business Participation

Minority Business Policy – It is the policy of the City of Jonesboro that minority business enterprises shall have the maximum opportunity to participate in the city purchasing process. Therefore the City of Jonesboro encourages all minority businesses to compete for, win and receive contracts for goods, services, and construction. The City also encourages all companies to subcontract portions of any City contract to minority business enterprises.

Lead Based Paint Strategy

According to the Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X), lead based paint hazard is defined as any condition that causes exposure to lead from lead contaminated dust, lead contaminated soil or lead contaminated paint that is deteriorated or present in chewable surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects. As required by Title X, the City of Jonesboro is carrying out CDBG funded activities in tandem with our Inspection Department.

The City requires lead based paint testing and hazard reduction in properties that are rehabilitated using CDBG funds. Owners of properties to be rehabilitated are informed of the risks of lead based paint. As part of the rehabilitation process, the property is inspected for signs of defective paint. Defective paint in older homes that is suspected to be lead based is removed following the lead based paint standards. If there are children in the home, the parents are provided information regarding the benefits of having the children tested for lead based paint and also where they can go to get this done.

The City of Jonesboro certifies that:

Use of Funds — It has developed its Housing and Community Development Plan one-year projected use of funds so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight; (the projected use of funds may also include activities which the City of Jonesboro certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health of welfare of the community, and other financial resources are not available); except that the aggregate use of CDBG funds received under section 106 of the Housing and Community Development Act of 1974, as amended, and if applicable, under section 108 of the same Act, shall principally benefit persons of low and moderate income in a manner that ensures that not less than 70 percent of such funds are used for activities that benefit such persons during such period;

Community Development Plan — The City of Jonesboro has developed a Community Development Plan, for the period specified in the paragraph above, that identifies community development and housing needs and specifies both short and long-term community development objectives that have been developed in accordance with the primary objective and requirements of the Housing and Community Development Act of 1974, as amended;

Special Assessments — The City of Jonesboro will not attempt to recover any capital costs of public improvements assisted in whole or in part with funds provided under section 106 of the Housing and Community Development Act of 1974, as amended, or with amounts resulting from a guarantee under section 108 of the same Act by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements, unless:

1. Funds received under section 106 of the housing and Community Development Act of 1974, as amended, are used to pay the proportion of such fee or assessment that relates to the capital costs of such public improvements that are financed from revenue sources other than under Title I of that Act; or
2. For purposes of assessing any amount against properties owned and occupied by persons of moderate income, the City of Jonesboro certifies to the Secretary that it lacks sufficient funds received under section 106 of the Housing and Community Development Act of 1974, as amended, to comply with the requirements of subparagraph (1) above;
