RE: City of Jonesboro / Old City Hall Building Feasibility Study

Dear Hardy:

Please find enclosed the agreement between Little & Associates and the City of Jonesboro concerning the Feasibility Study for the old City Hall building. The scope of work is broken down by various phases. After you complete the original feasibility study let's you and I get together and probably also get with the building committee to go over that before we proceed on any of the other items. I just want to make sure that the study comes back favorable before we start expensing any money for the city from the capital improvement account. Thanks again and I look forward to receiving this feasibility study.
