Subject: Jonesboro Curfew

Greetings Members of the Jonesboro City Council.

I attempted to send an email to you via addresses obtained from DuckDuckGo. In the event that you did not receive it, I am using the above address and apologize for any duplication.

This following is the email that I sent

Dear (Member) - Jonesboro City Council

RE: City Curfew.

FIRST: I am firmly opposed to Mayor Harold Perrin's implementing a needless curfew when there are city regulations that address issues upon which Mayor Perrin declared the curfew. It is a needless action and will have NO EFFECT against the coronavirus issue in America.

SECOND: I deem this action to be an attack upon the US Constitution and hard working taxpayer civil liberties. I do not understand why this action was taken as it is like a parent who punishes ALL his/her children because one child's error.

THIRD: I respectfully, but strongly urge and recommend that as a 'Member of the City Council' that YOU vote to reverse this curfew, cancelling it. This will honor the U.S. and State Constitutions and the law-abiding lives of Jonesboro citizens.

Thank you for receiving my view point.

Sincerely,

Whitney Williams
