Subject: Proposal to earmark money for Harrisburg Road

Good Morning to you all!

As you all know the proposal to earmark an extra \$2,000,000 to widen Harrisburg Road south of Interstate 555 goes before all of you today. I look forward to conveying the thoughts and possible solutions raised by many opponents to this expansion to the 8 council members that have not heard the complete citizens opposition.

We did turn in 312 signed petitions.

This Ordinance needs to have the required three readings.

Thank you,  
Patti Lack
