I received a phone call this morning around 9:30 from Bob Andrews. He initially asked for Patsy and I told him she was off today and tomorrow. I asked him if there was something that I could help him with. He said, "well, it's "sorta sneaky". I told him I would help if I could. He said he needed information on an employee and I asked what kind. He said he needed an employee's date of birth. I asked on who and he told me Erick Woodruff. Naturally I asked why he needed his DOB. He then said he needed to do a check on him because there were some council members and employees complaining and not liking the way he handles things that come up in the City. I asked him if he would be doing the check and he said no, he couldn't because it would show up in his system through the state and that someone else would be doing it. I asked him if Patsy usually gives out this kind of information and he said yes, if he needs it and that she is another disgruntled employee of the City who doesn't like they way things get done. I told him I didn't think that I should because I didn't want to be in the middle of the situation but I did tell him that I would think about it and let him know.

Erick at the time was in a meeting in the upstairs conference room. When he came out I told him that I needed to talk to him and then gave details of the conversation.
