Dear MAPC,

This letter is in regards to the zoning request by Wade and Katie Carpenter to have 5416 Maple Valley Dr. zoned as C4 with limited use overlay for a wiring harness business. Living Word Church will be moving into our new worship center at 5601 Southwest Dr. within a few months. Our property is directly across the street from the Carpenter's property. As Pastor of Living Word Church, we support the rezoning request by Wade & Katie Carpenter. They have remodeled the building they purchased to make it look very attractive, which is a major improvement for the neighborhood. I believe the Carpenter's business will be an asset to the neighborhood.

Sincerely,

Denny Beavers
Pastor
