DESCRIPTION OF REQUESTED VARIANCE:

The request is to allow the owner to install a chain-link fence with an eight foot (8') height instead of a six foot (6') height.

The Planning Commission has recommended approval of a rezoning to C-3, LUO, and the ordinance is making it's way through City Council.

CIRCUMSTANCES NECESSITATING VARIANCE REQUEST

The owner is developing the lot and would like to install a security fence. The owner already has the materials for an eight (8') fence, and would like to put those materials to good use.
