Grants Administrator Heather Clark explained the grant is for roughly \$27,000 and is fully federally funded. The money will be used to purchase additional body cameras for the officers. The grant won't cost the city any money, but will be included in the 2016 budget.

Chairman Dover asked how much a body camera costs. Ms. Clark answered about \$1,100, depending on the vendor used. The Police Department is in communications

with a company about a certain body camera, but no decision has been made yet.

Chairman Dover then questioned whether there are any officers that currently have body cameras. Councilman Street answered yes, there are some officers doing beta testing on the cameras.

Further discussion was held concerning the body cameras that will be purchased. Chief Financial Officer Ben Barylske noted they will be able to provide more information after a decision is made concerning which camera to purchase.

Councilman Coleman expressed concern about ensuring the software for the body cameras is updated and regularly maintained so the cameras work properly. Mr. Barylske stated the company they are speaking with regarding the body cameras is the same company that provides the city with dashboard cameras for the police vehicles.

A motion was made by Councilman John Street, seconded by Councilwoman Ann Williams, that this matter be Recommended to Council . The motion PASSED with the following vote.

Aye: 5 - Ann Williams;John Street;Charles Coleman;Todd Burton and Rennell Woods

Ms. Clark stated this is the final lien release for the four Beacons and Bridges houses. There will be further requests for properties on North Church and Pine. This home was sold to a low income household.

Ms. Clark further discussed the history of the lien on the property. She noted the

agreement with HUD was that the homes would be built and sold to low income households. The city placed liens on the properties to ensure the properties were sold to low income and not sold at market value.

Councilman Street asked if the remaining lots will be sold to Habitat for Humanity. Ms. Clark explained Beacons and Bridges will deed the four lots to Habitat for Humanity at no cost. Habitat for Humanity will pay the back taxes on the properties, which amounts to about \$42 per property. Habitat will build low income housing on the properties.

A motion was made by Councilman John Street, seconded by Councilman Charles Coleman, that this matter be Recommended to Council . The motion PASSED with the following vote.

Aye: 5 - Ann Williams;John Street;Charles Coleman;Todd Burton and Rennell Woods

5. Pending Items

Update on the Salary/Longevity Committee

Chairman Dover informed the committee that the Salary/Longevity Committee has met twice. They have revised the job description survey and the benefit survey. They are currently in process of sending out to the ten cities that were selected to receive the survey. Once the information is received the committee will go through the information and come up with a readable document to go over.

Councilman Street asked if the committee results will be put into effect in 2016. Chairman Dover stated he is not sure of a time estimate because it depends on how long it takes for the ten cities to respond to the surveys. It is going to be a lengthy process. They will keep the Council informed of the committee's progress.
