INITIAL ENGINEER'S CERTIFICATION

The following elevation of 247.6 MSL for proposed Residential/Commercial/Industrial at 2402 High Street Street Address

50 Lot,            Block, Keich's 2nd. Subdivision, Jonesboro, Arkansas has

been determined from data provided in the "Flood Insurance Study" dated December 15, 1980, by the Corp of Engineers for the City of Jonesboro, Arkansas.

The above listed elevation, when adhered to, will insure that the lowest floor (including basement) is sufficient to be equal to or above the 100 year flood (Intermediate Regional Flood).

OWNER/BUILDER/CERTIFICATION

I certify that the provisions of City Ordinance No. 1769 dated June 15, 1981 will be fully complied with. The above listed elevation for the area specified will be strictly adhered to for the proposed construction. The building permit for the area specified above is valid only when a final certification by a registered engineer is received and approved by the City Inspector's Office.
