Chairman Mitch Johnson commented that he had spoken with Jim Stark with Vector Mosquito Control. Mr. Stark told Mr. Johnson that he felt area spray wise the city was covered pretty well, but he did think that there might be better opportunity for some

more ground coverage. During their conversation Mr. Stark said that he was going to look at some things, and talk with his supervisor to see if there might be some more ground coverage provisions that they could look into.

Councilmember Bobby Long stated that he did see where the speed limit signs had been changed to reflect the new speed limit of 35MPH on Johnson Avenue, now that that has been changed what is ARDOT and what are we hoping that the new speed limit will accomplish. Mr. Johnson said that he thought that it was for safety purposes and that he had remembered that Craig said there would be hopes of something else in the future. But, I have not heard any details regarding what that is. HWY 18 (Highland) going out toward Industrial Park, speed limit signs have also been changed to reflect the new speed of 50MPH as well.

The applicant certifies that the service it provides to individuals with disabilities is equivalent to that provided to other persons. A demand responsive system, when viewed in its entirety, is deemed to provide equivalent service if the service available to individuals with disabilities, including individuals who use wheelchairs, is provided in the most integrated setting appropriate to the needs of the individual and is equivalent to the service provided other individuals with respect to the following service characteristics:

- (a) Response time;

- (b) Fares;
