Re: Abandonment of 15" sewer easement as recorded

Craighead County Circuit Clerk's Office  
Jonesboro, AR

Dear Glenn:

City Water and Light has no objections to the release of the referenced easement in order to begin construction of a Home Depot Store.

Please be advised that although construction is complete on the re-routed line additional paper work is needed. We will require lien releases, engineering drawings and other related requirements before a service line may be extended into the new main. City Water and Light will issue no permits for sewer service until all requirements are met.

If further questions arise, please feel free to call me at 870-930-3320.

Respectfully,
