Attorney Don Parker, representing James Carr, explained Mr. Carr owns property north of the intersection of University Loop and Johnson Avenue. He has entered into a contract to sell the property to his neighbor, Willis Gray, who is looking to develop student housing near the ASU campus. But, the Master Street Plan proposes a north/south corridor to go through Mr. Carr's property, leaving it undevelopable. After they met with the Planning and Engineering Departments, they ask that the Council modify the Master Street Plan prior to adoption to move the north/south corridor to an existing street 200 yards to the east on Pierce Street. Mr. Parker further explained it is his understanding that City Planner Otis Spriggs is going to reconvene the Master Street Plan Committee in order to look at the issue, but he wanted to inform the Council of the problem.

This ordinance was Held at second reading.

8. MAYOR'S REPORTS

[play video](#)

Mayor Perrin reported on the following items:

He, along with Chief Financial Officer Ben Barylske and Grants Administrator Heather Clark will be leaving in the morning to fly to Washington, D.C. They will be visiting with numerous agencies the city receives grant funding from, including the Department of Justice and HUD. This is an annual visit through the Chamber of Commerce.

AHTD has signed contracts with Bridgefarmer for the environmental and design work for the overpass on Highway 18. They will be visiting with the company next week concerning the contract and will have a future press conference regarding the project.

They have equipment moved in for the Caraway Road bridge replacement project, but due to the rainy weather haven't been able to start work yet.

The JETS transfer station lot has been cleared and will hopefully be fully completed by October 1st.

He attended the Arkansas Municipal League Executive Committee meeting last Friday. They reviewed several acts and bills that became law. He has shared laws with the city staff. He discussed the current law concerning tax rebates. Currently, businesses can wait six months before sending in their tax money so it can be rebated to the cities. But, the law will change in June to allow businesses a year before sending in their tax money. This will affect when the cities will receive their sales tax rebates. They will be pulling more money back in reserves in case they need the money at another time.

The Municipal League will have their summer conference from June 24-26. If anyone is interested in attending, let his office know and they will help with registration.

At the next Council meeting, the Grants Department will have a presentation to show the money that comes in, where it's from and who is benefitting from the funding.

The Miracle League had their first games this past weekend. There was a big crowd for opening weekend.

He will be speaking at the Arkansas Transportation Conference this year on April 29th.

9. CITY COUNCIL REPORTS

[play video](#)

Councilman Street noted he attended an Advisory Council meeting last week. If there's any legislation that wasn't presented during this legislative session, it can be taken to the Municipal League for consideration during the next legislative session.

Councilman Street asked for an update concerning Darr Hill. Mayor Perrin stated it is scheduled for the end of May.

Councilman Street stated he has spoken with the mosquito control company due to all of the rainy weather. He encouraged everyone to contact the company if they need services.

Councilman Dover reminded everyone of the Finance Committee meeting on Tuesday at 4 p.m.

Councilman McCall asked for an update about the roundabout project. City Engineer Craig Light explained they are still working on finalizing the property acquisitions. Gas companies are out there now getting preliminary work done so the work can begin after school is out. Mayor Perrin is working with a property owner near the school to see if they can get a road built to go from Airport Road to the school.

Councilman Gibson motioned, seconded by Councilman Street, to suspend the rules

and place RES-15:065 on the agenda. All voted aye.

RES-15:065

RESOLUTION TO MAKE APPOINTMENTS/REAPPOINTMENTS TO VARIOUS BOARDS AND COMMISSIONS AS RECOMMENDED BY MAYOR PERRIN

Sponsors: Mayor's Office

A motion was made by Councilman Chris Gibson, seconded by Councilwoman Ann Williams, that this matter be Passed . The motion PASSED with the following vote:

Aye: 11 - Darrel Dover; Ann Williams; Charles Frierson; Chris Moore; John Street; Mitch Johnson; Tim McCall; Gene Vance; Chris Gibson; Rennell Woods and Charles Coleman

Absent: 1 - Todd Burton

Enactment No: R-EN-067-2015

Councilman Gibson noted that recently there has been discussion concerning a rules and procedures audit concerning the Council's current rules and procedures. He asked all of the Council members to review those procedures. They will have a meeting on Wednesday, May 13, 2015, at 4:00 p.m. to start discussing the procedures. They will be reviewing what is in place at the first meeting, then changes can be submitted in writing to be reviewed at another meeting. Reasons will also need to be stated as to why a change is being requested. Councilman McCall asked what the purpose is of the highlighted portions of the code that was provided to them. Councilman Gibson stated there is no importance; he would like the Council to review the entire document.

10. PUBLIC COMMENTS

[play video](#)

Mr. Herman Ridge, 3185 CR 945, explained he thinks the transit facility is inappropriately placed. There aren't a lot of businesses in the area open after 5 p.m. and there is no future for that area due to being surrounded by a golf course and railroad tracks. He also expressed concern about safety. He asked that the Council consider constructing the building in a different location that would be a better site for the transit riders. He further stated Jonesboro doesn't have a great working environment. There are a lot of low-end workers. The city needs more small business entrepreneurs. Mr. Ridge then discussed road construction that is needed. He noted the Mayor recently indicated the city will be debt free, but there is a lot of road work that needs to be done. He discussed some improvements he would like to see take place.

Mr. Phillip Cook, 5216 Richardson Drive, noted the city will be paying of \$2.6 million in debt. He asked where the city is getting the money to pay off the note and why the city didn't use that money in the first place instead of taking out debt. Mayor Perrin stated the money is being taken out of the reserve fund, which took seven years to build up. Mr. Cook clarified the city has \$33.6 million in reserves. Mayor Perrin agreed. Mr. Cook questioned why so much money is needed in reserves and how much interest is being charged on the money that was borrowed. Mayor Perrin stated 2.37% interest is being charged on the amount borrowed. Mr. Cook stated he thinks the city is doing the right thing by paying off the debt. Mayor Perrin explained at least

six months operating expense is needed in reserves in case any emergencies come up that the city will have to fund, for instance in the case of severe weather hitting the city. It may take 12 months for reimbursements to come in, yet the city can't wait long to perform work if it's needed. Mr. Cook reiterated the city needs to get out of debt and should stay out of debt. He added he doesn't think the city needs that much money in reserves.

Mr. Ryan Carter, 701 East Stone Street, spoke on behalf of the group Indiscrimination in Jonesboro in regards to RES-15:071. He stated they think gender identity and sexual orientation needs to be expressly protected in the city employee handbook. For them not to be listed indicates they are not important enough to be expressly stated. He added he doesn't think the city discriminates; rather, they think everything just needs to be put down on paper.

11. ADJOURNMENT
