## APPROVAL CRITERIA- CHAPTER 117 – AMENDMENTS

The criteria for approval of a rezoning are set out below. Not all of the criteria must be given equal consideration by the MAPC or City Council in reaching a decision. The criteria to be considered shall include, but not be limited to the following:

Criteria	Explanations and Findings	Comply Y/N
(a) Consistency of the proposal with the Comprehensive Plan/Land Use Map.	This area is classified as a High Intensity Growth Sector. A commercial zoning would be consistent with the Land Use Plan.	
(b) Consistency of the proposal with the purpose of Chapter 117-Zoning.	The proposal will achieve consistency with the purpose of Chapter 117.	
(c) Compatibility of the proposal with the zoning, uses and character of the surrounding area.	This section of Parker Road is a Commercial and Industrial area. There are several commercial developments surrounding this location.	
(d) Suitability of the subject property for the uses to which it has been restricted without the proposed zoning map amendment.	This property operated as Harmony Gardens for several years. The lot was zoned I-2. Since this property already housed a commercial business it would be better to rezone the lot to C-3 General Commercial.	
(e) Extent to which approval of the proposed rezoning will detrimentally affect nearby property including, but not limited to, any impact on property value, traffic, drainage, visual, odor, noise, light, vibration, hours of use/operation and any restriction to the normal and customary use of the affected property.	There has been a commercial business operating from this property for several years. The proposed rezoning should not be detrimental to the surrounding area.	
(f) Impact of the proposed development on community facilities and services, including those related to utilities, streets, drainage, parks, open space, fire, police, and emergency medical services.	Minimal impact if rezoned.	

## STAFF FINDINGS

### APPLICANT'S PURPOSE:

The applicants landscaping and nursery operation went out of business. They feel a C-3 General Commercial Zoning would be more compatible with the overall complexion of the commercial thoroughfare.

### **Chapter 117 of the City Code of Ordinances defines C-3 General Commercial District:**

***C-3 General Commercial District:*** The purpose of this district is to provide appropriate locations for commercial and retail uses which are convenient and serve the needs of the traveling public. The district also provides locations for limited amounts of merchandise, equipment and material being offered for retail sale that are more suitable for storage and display outside the confines of an enclosed structure. Appropriate locations for this district are along heavily traveled arterial streets. Development of grouping of facilities shall be encouraged, as opposed to less desirable strip commercial.
