

DEPARTMENTAL CORRESPONDENCE

TO Don Bridger DEPT _____
FROM Gene Barnett DEPT _____
SUBJECT Purchase of new radios DATE August 16, 1990

The Street Department still has sixteen(16) radios in the old system that need to be replaced. This would enhance our ability to better serve the public. We have in our Fixed Assets Budget \$22,000.00 that could be used to purchase the new radios. The cost of the sixteen new radios would be about \$8,800.00.

Thank you,

Gene Barnett
Street Superintendent
