

DEPARTMENTAL CORRESPONDENCE*Quinn*

TO Mayor Brodell DEPT Administration
FROM Jeff Gibson DEPT Public Works
SUBJECT Mardis Annexation and Shelby Acres Report DATE 10-02-87

I called Randy Simpkins at CW & L and he said the twenty (20) foot easement was adequate for their needs (as long as the sewer line ran along the center of the easement). He said that releasing the north five (5) feet of the forty (40) foot easement would have no effect on CW & L. Also, I believe the fifteen (15) feet is adequate for any ditch that will be needed to drain the area.
