

My name is Eyniece Mathews, I moved in to 422 Steele st in 2013, I met Ms. Litisha Waters which is my neighbor that lives in front of the shed, I have Ms Waters permission to drive through the driveway to get to my property, just as well as she uses my driveway to park when she has company. I did not meet the landlord Mr. James Darnell until a couple of months ago in 2018, when the problem arose do to multiple disturbances of noise and domestic violence coming from the property in question today. Property lines were never an issue because the tenant was mad about the multiple police reports made on him, but that matter can easily be resolved like I said with a surveyor of the yard or a fence built.
