**Subject:** Rezoning ORD-11:029

Dear City Council Members,

I am writing you today in regards to ORD-11:029, the rezoning application request of Gerry McGough. I am unable to attend the meeting tonight as my husband is traveling out of town for work and we have a young child I need to be at home to care for. In my absence, please accept this email as objection to this proposal.

I live in the Prospect Farms subdivision that is directly across the street from the property in question. My home is actually the closest to the proposed rezoning. I have deep concerns regarding this proposal, if it were to be approved, the negative impact it would have on my property value as well as the added traffic on an already dangerous curve. In addition, while Mr. McGough's application states that he contacted "the closest neighbors" regarding his intentions with the land, We have never been contacted by him.

The area of our subdivision is a nice, quiet, family friendly neighborhood. The impact of the surrounding land being rezoned to "multi-use" rather than remaining for single family homes would negatively effect our lifestyle and the reasons we bought in this neighborhood to begin with. Our family specifically chose the home we did because of the wooded lot that is directly behind us, that keeps our home quiet and private. If Mr. McGough's request was granted, our family will be looking to sell our home and move on, as the neighborhood we chose for our family will no longer exist as it does now. Please deny this rezoning request and keep the land as single family homes only.

Thank you for your time and consideration. We appreciate your service to our community.

Respectfully,

Wendy and Chris Cook
