

## DEPARTMENTAL CORRESPONDENCE

TO Mayor Brodell DEPT   
FROM Dave Wimpy *DW* DEPT Parks and Recreation  
SUBJECT Lights on Fairview Park DATE 23 July 1987

After surveying the area with the Jaycee's representative, we would like to request a resolution to CW&L to install two nightlights on Fairview Park, one on an existing pole and one with pole in the interior of the park adjacent to the greatest concentration of playground equipment. Plans for the near future call for construction of a walking track, and the lights will be more important than ever at that time.  
A copy of deed is attached.
