

Below is the 2014 table of uses for our property with the CR-1 zoning which we were assigned on March 2014. We have circled the uses that we would consider if we had to develop the property today under CR-1 zoning. These "uses" are permitted by law without having to go back to the council for approval for the stated use. The property is not currently on the market for sale for any of these uses. After the sale of our storage business, we decided to leave this property to our children to develop once they have inherited it.

Our issue now is that we have invested in this property for 20+ years and have let it remain unprofitable for the past two years. We have come to believe that we have a moral obligation to produce a profit to make some type of positive impact from the land God has allowed us to manage (see Matthew 25:14-46). We want to use the lots as a Park and Sell parking lot, conducting our business on-line, no physical building on site. We want to use the profits to assist with some problems in our county, like the homeless issue. We plan to make these miscellaneous donations unless or until we need the funds for our healthcare needs in the future. However, we must rezone to C3 to park cars on the lots.

List of Uses	CR-1 Neighborhood Commercial	List of Uses	CR-1 Neighborhood Commercial
Duplex, triplex, fourplex	Permitted	Office, general	Permitted
