Staff has reviewed the proposal and offers the following explanations and findings related to the approval criteria.

Master Street Plan/Transportation

The subject property is served by East Johnson Ave. which is classified on the master street plan as a principal arterial which requires a 120 ft. right-of-way (60 ft. to road centerline). The majority of the dedicated right-of-way is currently 60 ft. from the road centerline. However, approximately 103 ft. of the road frontage has a dedicated right-of-way of 55 ft. to the road centerline.

Conclusion:

The Planning Department Staff finds that the request to rezone property from “R-1 Single Family Residential to C-3 – General Commercial District” submitted for Case RZ 13-12 should be evaluated based on the above observations and criteria. The following restrictions and conditions apply:

2. A final site plan subject to all ordinance requirements shall be submitted, reviewed, and approved by the MAPC prior to any development of the property.

4. The setback, building height, screening, and site design standards required in “Sec. 117-328. - Residential Compatibility Standards” shall apply with the exception of an increased setback requirement of 20 ft. for surface-level parking and driveways. All adjacent property will serve as a “triggering property” without any exemptions.

6. Prohibited uses:
 - a. Adult entertainment
 - b. Adult retail sales
 - c. Tobacco sales
 - d. Alcohol sales

Respectfully Submitted for Commission Consideration,

Sample Motion:

I move that we place Case: RZ-13-15 on the floor for recommendation by MAPC to the City Council that changing the zoning of this property from R-1 Single Family Medium Density to the proposed C-3 Limited Use Overlay District is compatible and suitable with the zoning, uses, and character of the surrounding area.
