[Continuation Sheet](#)

Councilman Dover offered the ordinance for first reading by title only.

Mayor Perrin explained he, along with several other individuals, met with Aqua Construction Friday to review the company's proposal. The fencing will need to be replaced and the concession stand will be constructed. The pool's paint will need to be sand-blasted, new walls and flooring will be put in and then the pool will be re-painted. It will also be striped so the JETS team and other teams who do competition swimming events can use the pool. Automatic lifts will have to be installed in order to comply with ADA. Some of the water plates will need to be replaced and the beams by the bathrooms will have to be replaced. He stated some of the things they thought they could get by with will actually have to be fixed or replaced, which increased the cost of the pool renovation. Mayor Perrin noted the architectural and engineering work are included in the proposal.

Mayor Perrin stated he knows this has been quick, but they had to waive the bidding due to the time issue to get the pool open by the 4th of July. He also added they plan to keep the pool open until the end of September.

Councilman Frierson questioned if any materials from the Earl Bell Center will be used. Mayor Perrin answered yes, which is one of the reasons the costs were reduced from what was originally proposed by the company.

Councilman Vance motioned, seconded by Councilman Gibson, to suspend the rules and waive the second and third readings. All voted aye.

After passage of the ordinance, Councilman Gibson motioned, seconded by Councilwoman Williams, to adopt the emergency clause. All voted aye.

Councilman Dover asked what will be done with the old swimming pool at the Earl Bell Center. Mayor Perrin explained they will be putting together a list of options and look at cost figures before making a decision.
