Dear Planning Commission Members,

In regards to the rezoning of C-5 to C-4 (commercial) for a tract on the southeast corner of the intersection of Parkside Drive and Highland.

I believe the law reads that any part of a residential sub division cannot be rezoned unless it is for the benefit of the people and approved by the people of said sub division.

I recently had Open Heart Surgery and am unable to be there to defend my-self.

I oppose of any such rezoning and would appreciate you tabling this request until I am able to appear before you. My property runs 165 feet east and west joining to property in question.

Thank You,

Clarence Myatt
