ORD-09:075

AN ORDINANCE TO AMEND THE 2009 ANNUAL BUDGET AND THE CITY PAY PLAN FOR THE CITY OF JONESBORO FOR THE POSITION OF PAYROLL AND ACCOUNTING SPECIALISTS/BUDGET COORDINATOR AND DECLARING AN EMERGENCY

Sponsors: Finance and Human Resources

Attachments: FIN10 Payroll and Accounting specialist budget coordinator

FIN10 Payroll and Accounting specialist budget coordinator - PDF

Councilman Hargis inquired if this is a new position. Finance Director Jim Barksdale explained this was proposed last year due to additional duties being added to the positions. He added the City does not have a backup to the payroll clerk. He stated Ms. Teresa Shaver has had additional duties added to her position such as payroll and budget administration.

Councilman Hargis asked again if this is a new position. Mr. Barksdale answered no. Councilman Hargis stated the way the position is being presented makes it look like a new position. Mr. Barksdale explained due to the effect it has on the pay plan the City is required to reclassify or reevaluate the position, which requires the City Council's approval.

Human Resources Director Gloria Roark explained the City created a new title due to the additional duties being added to the Budget Coordinator. She added the City shows this as an additional person, but the City has no intention of hiring additional staff due to the position being filled internally. She noted no one currently has this new title.

Mr. Barksdale explained the person who will fill this position has been doing the duties for the past year.

Councilman Street inquired if Mayor Perrin was ok with this ordinance. Mayor Perrin answered yes.

A motion was made by Councilman John Street, seconded by Councilman Jim Hargis, that this matter be Recommended to Council . The motion PASSED by an unanimous vote

Aye: 3 - Jim Hargis; John Street and Darrel Dover

Absent: 1 - Mikel Fears

ORD-09:077

AN ORDINANCE TO AMEND THE 2009 BUDGET TO APPROPRIATE FUNDS IN THE AMOUNT OF \$2245.00 FOR EXPENDITURES RELATED TO THE 2008 INTERNET CRIMES AGAINST CHILDREN GRANT PROGRAM IN THE FEDERAL FUNDS FUND AND DECLARING AN EMERGENCY

Sponsors: Mayor's Office

Attachments: Budget Adjustment 09-28-09 Grants Fund

Councilman Hargis asked if this ordinance is related to the 2009 Internet Crimes Against Children's grant. Grants Administrator Tony Thomas answered no, because the previous approved grant was for 2009 and this is for the 2008 grant. He added the City received some equipment late, which caused some of the 2008 funds to be spent in 2009. He stated this ordinance is for the clean-up of the funds and the City has already been reimbursed for these funds.

A motion was made by Councilman Jim Hargis, seconded by Councilman John Street, that this matter be Recommended to Council . The motion PASSED by an unanimous vote

Aye: 3 - Jim Hargis; John Street and Darrel Dover

Absent: 1 - Mikel Fears

ORD-09:078

AN ORDINANCE TO AMEND THE 2009 BUDGET TO APPROPRIATE FUNDS FOR THE ICE STORM RECOVERY GRANT PROGRAM FROM THE ARKANSAS FORESTRY COMMISSION AND DECLARING AN EMERGENCY

Sponsors: Mayor's Office and Parks & Recreation

Attachments: Agreement

Parks Director Jason Wilkie explained the City received the funds from the State of Arkansas for ice storm damage. He added the City received the full amount of the grant, which was \$161,915 because no other towns applied for the grant. He stated \$121,000 will be used for pruning of the trees in the parks, cemeteries and at public offices that were damaged in the ice storm. He added the rest of the funds will go towards planting trees at the parks and the retention ponds.

Councilman Hargis inquired if the \$41,583 is the portion the City has to match. Mr. Wilkie answered yes, but the City will be reimbursed for 100% of the \$41,583. Mr. Thomas explained the State of Arkansas is handling the contract for the pruning, which requires no outlay from the City. He added the Grants Department is only requesting appropriation for the \$41,583 because that is the amount the City will file for reimbursement. He stated the City will spend the money this year, but may not receive the reimbursement until 2010.

A motion was made by Councilman Jim Hargis, seconded by Councilman John Street, that this matter be Recommended to Council . The motion PASSED by an unanimous vote

Ave: 4 - Jim Hargis; John Street; Darrel Dover and Mikel Fears

Resolutions To Be Introduced

RES-09:141

A RESOLUTION TO ACCEPT THE RECOMMENDATIONS OF THE FINANCE AND ADMINISTRATION COMMITTEE OF THE CITY COUNCIL REGARDING PROVIDERS OF SERVICES FOR THE NON-UNIFORM PENSION PLAN FOR THE EMPLOYEES OF THE CITY OF JONESBORO

Sponsors: Finance

Assistant City Accountant Jim Eagan explained this resolution is ratifying the Finance Committee's recommendations for the management and advisory services. He added the City has received a sample contract from the actuarial service. He noted they are talking with Stephens Group concerning the investment advisory portion. He also added the City has received RFPs for the investment management services.

Mr. Barksdale questioned if Stephens Group has submitted their RFPs for the investment management services. Mr. Eagan answered the City has not received the Stephens Group RFP. He added Stephens Group stated they prepared a RFP, but no one can seem to locate it. He noted Stephens Group is currently searching for the RFP.

Councilman Hargis asked if Stephens Group responded to the RFPs for investment management services. Mr. Eagan answered no, but they did respond to the RFPs for investment advisory services.

Councilman Hargis inquired how many RFPs for investment management services were received. Mr. Eagan answered the City has two in hand and they are still looking for Stephens Group RFP. He explained he should have received Stephens Group RFP no later than today, which is past the deadline. He added he is currently working with Purchasing Agent Steve Kent on how the City's purchasing policy handles missing RFPs.

Councilman Hargis inquired if the duties need to be separated. Mr. Eagan explained the duties need to be separated in order for the City to show the segregation of duties and to fulfill their fiduciary role. He added Stephens Group has responded to both the management and advisory RFPs. He stated Stephens Group has two different departments that will be able to keep the duties separated. He explained Principal Group does not segregate duties and all contracts are insurance-type contracts, which limits the City on what can be done with the funds.

Mr. Eagan discussed the asset allocation review process by Principal Group. He noted Principal Group only reviews the asset allocation two times a year instead of the four times a year other managers do.

A motion was made by Councilman John Street, seconded by Councilman Jim Hargis, that this matter be Recommended to Council . The motion PASSED by an unanimous vote

Aye: 4 - Jim Hargis; John Street; Darrel Dover and Mikel Fears

RES-09:151

RESOLUTION RATIFYING PREVIOUS ACTS OF MAYOR HUBERT BRODELL AUTHORIZING LEASE OF FIVE (5) ACRES FROM ARKANSAS STATE UNIVERSITY

Sponsors: Mayor's Office

Mayor Perrin explained he has no knowledge of this resolution. Chairwoman Williams asked if this resolution needs to be pulled. Mayor Perrin answered yes.

This Resolution was Tabled.

RES-09:153

A RESOLUTION FOR THE CITY OF JONESBORO TO ENTER INTO A CONTRACT WITH WASTE REDUCTION TECHNOLOGIES, LLC (WRT) FOR PURCHASE OF A WASTE INCINERATOR

Sponsors: Mayor's Office

<u>Attachments:</u> Contract for Waste Incinerator

Councilman Hargis explained he is not satisfied with the information being provided concerning the incinerator.

Councilman Street stated buying the incinerator was discussed during Mayor Brodell's administration, but was never purchased due to the City owning their own landfill. He added Sanitation Director Royce Leonard supports the purchase of the incinerator.

Councilman Street explained the estimated time the incinerator will run a year is approximately 70 to 75 days due to the amount of debris that will be burned.

City Engineer Craig Light stated the City does not have a composting facility they can take the debris to in Jonesboro. He added the City currently receives between 12,000 to 15,000 tons of trash and yard waste per year. He further added the City is asking for the incinerator to be permitted to burn 168 tons per day.

Councilman Hargis suggested a presentation be made to Council concerning the incinerator.

Mayor Perrin explained the City has a pile of debris at the landfill that could get the City fined by the ADEQ. He noted he has spoke with ADEQ concerning the debris issue. He stated the City has contacted Legacy Landfill concerning a having a composting facility. He added starting the composting facility would cost the City approximately \$1.5 million and an additional \$458,000 a year to run it. He noted the City added a clause in the contract that no money will be paid for the incinerator until the City receives a Title 5 permit from ADEQ. He added the document will be hand delivered to ADEQ next week.

Mayor Perrin discussed what will be allowed to burn in the incinerator. He noted regular household trash will not be allowed to be burned.

Mayor Perrin stated the incinerator will be located at Dan Avenue and Lacy Drive. He explained based on Councilman Hargis' questions concerning the incinerator he will have City Attorney Phillip Crego review the contract again.

Discussion was held concerning payment for the incinerator.

Mayor Perrin explained he will sign the contract only after he receives the Title 5 permit.

A motion was made by Councilman John Street, seconded by Councilman Mikel Fears, that this matter be Recommended to Council . The motion PASSED by an unanimous vote

Aye: 4 - Jim Hargis; John Street; Darrel Dover and Mikel Fears

Attachments: Summary

Animal Control

Cemetery

Finance - Privilege License Fees

Engineering Inspections

Inspection Fee Calculation Sheet

JETS
Parks
Planning
Streets

Mayor Perrin commended all the departments heads for their work concerning the permit and privilege fees. He explained the City's fee structure is behind other cities of the same size. He added he meet with all but one Council member today and the only issue with the fees concerned the privilege license fees in the Collector's part of the report. He noted he is removing the privilege license fees from the report, which totals \$96,000. He added the amount in the report will be calculated into the 2010 budget.

Councilman Hargis inquired if the fee raise will make the City competitive with other cities. Mayor Perrin answered the City will still be below other cities due to the City gradually increasing the fees. He added in a few years the City will look at raising the fees again.

Mayor Perrin stated Mr. Wilkie has a PowerPoint presentation concerning the fee increase, which will be shown to the homebuilders and other businesses. He added he will continue to meet with the homebuilders on a quarterly basis to discuss the fees.

Chairwoman Williams asked if any action needs to be taken concerning this matter. Mayor Perrin answered no, but there will be different ordinances that will need to be amended due to the fees being increased.

Mayor Perrin explained some of the fees were increased and others are new fees. He added the new fees are for services the City has been providing for free.

Mr. Barksdale explained the Jonesboro Public Library financial reports will be available to review online.

Councilman Hargis asked where the audits could be found for review. Mr. Barksdale answered once the audits are finished he will present them to the Finance Committee.

Mayor Perrin stated he anticipates the legislative audit will hold the exit interview this week. He added he will provide the exit interview report to the Finance Committee once he receives it. He noted he anticipates the audit to be better than 2007, but it could have some deficiencies.

Mr. Eagan explained they hoped to provide a full report concerning the bank reconciliations by the second monthly Council meeting. He added he is currently putting a composite report together that will have the detail required by state code. He noted the report is required to be presented to Council each month.

He explained the Finance Department is currently working on the reconciliation of all the accounts and checking those balances in Springbrook. He added he believes all the accounts can be reconciled to Springbrook.

RES-09:183

A RESOLUTION APPROVING THE, YEAR 14 2010 COMMUNITY DEVELOPMENT BLOCK GRANT BUDGET AND AUTHORIZING THE SUBMISSION OF THE FY 2010 ACTION PLAN AND FOR OTHER PURPOSES

Sponsors: Community Development

Attachments: Coun.Com.-Res.-Table

2010 ACTION PLAN

Community Development Director Gayle Vickers explained most of the projects are the same as the previous 4 years, but 3 new projects was added for 2010. She added the new projects are Land Acquisition, Property Disposition/Maintenance and Economic Development Pilot Program. She also discussed each new project.

Ms. Vickers explained she will present the Neighborhood Revitalization Project at the next City Council meeting. She noted the Winthrop Rockefeller Foundation and HUD will also be present at the meeting.

Councilman Hargis inquired if the City receives the same amount of funds from HUD each year. Ms. Vickers answered yes due to the City being classified as an entitlement City. She noted the funds are governed by HUD.

Councilman Hargis asked if other cities receive more money due to their quality of life being lower. Ms. Vickers answered it is a combination of factors, which includes the number of low income citizens in each city.

Councilman John Street moved, seconded by Councilman Mikel Fears, that this resolution be sent to the City Council meeting on November 17. All voted aye.

Ms. Vickers asked if this resolution could be placed on tonight's Council agenda because the due date for the grant is November 15. She added she could request a 3 day extension if needed.

Mayor Perrin inquired if this resolution needs to go before the Finance Committee. Ms. Vickers answered this is her Finance Committee meeting. Councilman Hargis inquired if the grant's funding would be affected if the resolution was held till the November 17 City Council meeting. Ms. Vickers answered she would prefer to make the November 15 grant deadline. She added the resolution is in Legistar. City Clerk Donna Jackson stated the resolution is not in Legistar. Ms. Vickers noted her assistant was having problems with Legistar and that may be the reason why it was never added in Legistar.

Mayor Perrin noted due to the information not being in Legistar before the meeting the Finance Committee would like to review the projects. He added that is why the resolution needs to wait till the November 17 meeting.

Councilman Hargis stated the bridge on Bridge Street does not have lights and should be included in the revitalization grant. Mayor Perrin explained he had spoken with CWL concerning lighting on the bridge, but the bridge needs to be brought up to standard before lighting can be added. He noted he would like to add funds for this project in the Capital Improvement fund. He added the City should have the bridge up to standard in the early part of 2010. He noted he will talk with CWL after the bridge is brought up to standard and he believes they will be open to add lighting to the bridge.

Councilman Hargis questioned if the unprogrammed funds could be used to add lighting on the bridge. Ms. Vickers explained the unprogrammed funds are used for public facilities projects that cost more than anticipated so the City does not have to ask HUD for an amendment to the project. She noted CDBG currently has unprogrammed funds in the amount of \$200,000 that can be used for sidewalks.

Councilman Hargis asked why the City received no sidewalk funds in 2010. Ms. Vickers answered the majority 2009 funds came from the CDBG-R grant in the amount of \$148,000, which was in addition to the regular funding.

Councilman John Street moved, seconded by Councilman Mikel Fears, to amend the previous motion and place this resolution on the next Finance Committee agenda.

Aye: 4 - Jim Hargis; John Street; Darrel Dover and Mikel Fears

RES-09:181

A RESOLUTION APPROVING AMENDMENT TO THE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAMS, JONESBORO, ARKANSAS

Sponsors: Community Development

Attachments: Amendment

signed amendment

resolution

Ms. Vickers explained the City has received the final bill for the ice storm damage and since the City is having financial issues, CDBG wanted to help out with the ice storm damage bill. She stated CDBG will transfer \$54,000 which is the amount leftover from a sewer project, 100% of the 2008 unprogrammed funds and 25% of the 2009 unprogrammed funds into the General Fund account to be used for the ice storm damage bill. She noted the total amount that will be transferred is \$116,580.99.

Councilman Hargis inquired if the sewer project is complete. Ms. Vickers answered yes and the funds being transferred is the amount left after the project was paid for.

Councilman Hargis stated he was told a part of the sewer on Patrick Street was not

connected. Ms. Vickers noted the sewer project is complete, but CDBG could look at doing another sewer project in 2011 if the project can be justified.

A motion was made by Councilman Darrel Dover, seconded by Councilman John Street, that this Resolution be Recommended to Council. The motion CARRIED by a Voice Vote.

Aye: 4 - Jim Hargis; John Street; Darrel Dover and Mikel Fears

3. Adjournment

A motion was made by Councilman Darrel Dover, seconded by Councilman Mikel Fears, that this meeting be Adjourned. The motion CARRIED by a Voice Vote.

Aye: 4 - Jim Hargis; John Street; Darrel Dover and Mikel Fears

RESOLUTION TO LEVY 2 MILL TAX ON ALL REAL AND PERSONAL PROPERTY FOR THE PUBLIC LIBRARY TAX

body

WHEREAS, pursuant to the terms of amendment number thirty to the State of Arkansas Constitution authorizing the qualified electors of cities that have a population of not less than 3,000 to vote and levy a public library tax, a petition signed by more than 100 tax-paying electors of the City of Jonesboro was filed with the County Clerk asking that an annual tax on all real and person property within the City, specifying a rate of taxation of 2 mills on the dollar.

WHEREUPON, said County Clerk certified to the Board of Elections thirty (30) days prior to the General Election as required by law and that said petition was signed by more than 100 taxpayers.

WHEREAS, said Board of Election Commissioners placed the question on the ballot. A majority of the qualified voters voted for the levy and the Mayor proclaimed it adopted as law.

BE IT THEREFORE RESOLVED by the City Council of the City of Jonesboro, Arkansas:

Pursuant to the millage rollback computation - Arkansas Statute 84-493.2; Section 3, Act 848, the taxation will be as follows:

On all real property the taxes are at the rate of 2 mills on the dollar and on all personal property, excepting household goods, the rate is 2 mills on the dollar.

A RESOLUTION TO ACCEPT INSURANCE PROPOSALS FROM BLUE CROSS BLUE SHIELD AND DELTA DENTAL TO PROVIDE INSURANCE COVERAGE FOR CITY EMPLOYEES body

WHEREAS, The City of Jonesboro offers Medical and Dental Insurance for employees; and

WHEREAS, The City of Jonesboro has the authority to renew these policies with the current carriers for a period of up to two years following the bid year;

- 1. The Arkansas Blue Cross, Blue Shield contract shall be renewed with a 3% decrease in premiums. Single coverage will be \$316.43 per month and \$679.82 for family coverage. The city will pay 70% of the premium for both single and family coverage.
- 2. The Delta Dental contract shall be renewed with a 2% decrease in premiums. Single coverage will be \$22.19 per month and \$70.70 for family coverage. The city will provide single coverage for all full time employees and elected officials and if family coverage is desired the employee will pay \$48.51.
- 3. The Arkansas Blue Cross Blue Shield contract for medipak supplement health insurance pharmacy benefit shall be renewed at a rate of \$78.08 being offered only to elected officials who has completed a minimum of twenty years of continuous service with the City of Jonesboro. The city will pay 25% of the premium.

The Mayor and City Clerk are hereby authorized to execute such documents as are necessary to effectuate these contracts between the City of Jonesboro and Arkansas Blue Cross, Blue Shield and Delta Dental.

Title

A RESOLUTION APPROVING THE, YEAR 14 2010 COMMUNITY DEVELOPMENT BLOCK GRANT BUDGET AND AUTHORIZING THE SUBMISSION OF THE FY 2010 ACTION PLAN AND FOR OTHER PURPOSES

Body

WHEREAS, it is the intention of the City of Jonesboro to allocate Community Development Block Grant (CDBG) funds in such a manner that the maximum feasible priority is given to activities which will benefit low to moderate income families and eliminate slum and blight.

WHEREAS, the use of these monies are strictly mandated including the mandate that an annual action plan be submitted to the U.S. Department of Housing & Urban Development in accordance with Title 1 of the Cranston -Gonzalez National Affordable Housing Act of 1990, and

WHEREAS, there is a projected total of \$556,508.00 for Year 14 funds allocated to the Community Development Block Grant (CDBG) Program for budgetary purposes;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL FOR THE CITY OF JONESBORO, ARKANSAS THAT:

Section 1: The Year Fourteen Community Development Block Grant (CDBG) program totaling five hundred, fifty-six thousand, five hundred and eight dollars (\$556,508.00) for budgeting purposes is adopted by reference to the attached project/activity budget table;

- Section 2: The director of Department of Community Development is authorized to prepare, and submit the 2010 Action Plan to HUD for review and approval, to administer and carry out the activities and projects in said plan as identified in the 5 Year Consolidated Plan to the
- U. S. Department of Housing and Urban Development (HUD). Once the approval from HUD has been obtained, the Mayor is authorized to execute contractual agreements with his signature being attested by the City Clerk, for the execution of the Fiscal Year 2010 Department of Community Development Block Grant Action Plan as per attached project/activity table.
- Section 3: CDBG project funding overages at the completion of any/all CDBG projects will transfer to unprogrammed funds for reallocation through amendment.

Section 4: All approved agencies receiving CDBG funds will use the City's procurement procedures for any services or contracts.

Re: Property: 510 E Thomas Ave

Jonesboro, AR 72401-5022

Pursuant to your request, I have prepared an appraisal report of the proparty captioned in the "Summary of Salient Features" which follows. As you have requested, I have prepared this report in accordance with most area lenders. To the best of my knowledge, this report conforms to the current requirements prescribed by the Uniform Standards of Professional Appraisal Practice of the Appraisal Standards Board of the Appraisal Foundation (as required by the Financial Institutions Reform, Recovery and Enforcement Act (FIRREA)).

The accompanying report is based on a site inspection of improvements, investigation of the subject neighborhood area of influence, and review of sales, cost, and income data for similar properties. This appraisal has been made with particular attention paid to applicable value-influencing economic conditions and has been processed in accordance with nationally recognized appraisal guidelines.

The value conclusions stated herein are as of the effective date as stated in the body of the appraisal, and contingent upon the certification and limiting conditions attached. The person signing this report has the knowledge and experience to complete this assignment competently. Please do not hesitate to contact me or any of our staff if we can be of additional service to you.

Scope of Work:

This report has been prepared for the referenced client. The report has been performed to assist the client in determining fair market value of our subject disregarding any external influences such as water damage to the property, as per the instruction of the City of Jonesboro. If this report is placed in the hands of anyone other than the client, the client shall make such third party aware of all the assumptions and limiting conditions of the assignment. The scope of this appraisal consisted of an observation from ground level readily accessible by foot from the exterior of the perimeter of the subject improvements. Interior walk through was made of the subject improvements readily accessible by foot and not obscured from observation. Crawl space and attic areas were not accessed unless stated otherwise in this report. Pictures of the front, rear, and street were taken and can be found in this report. The livable area was calculated according to ANSI Standards. The cost approach was not applicable/not completed (explained elsewhere in this report). The MLS, local public records, as well as local comp services were researched for comparable sales in the neighborhood/subdivision. Those used were deemed the best available. The comparable sales were compared to the subject and adjustments in value were made as deemed appropriate. The income approach was not used in this report, as it was not applicable due to the subject property being located in an area of primarily owner occupied homes. The approaches to value used in this report were reconciled and an opinion of value was rendered based on the data available. This report is an appraisal and not an environmental, structural, termite, or building inspection. If the user or client desires such type of reports, they should be ordered from a licensed home inspector or an environmental expert. This appraisal report does not guarantee that the property is free of defects. The appraiser is not a home inspector, termite inspector, or environmental inspector.

I have not checked the land records for recorded easements & did not note any apparent adverse easements or encroachments. Any easements, encroachments, restrictions, covenants, etc uncovered through a title search, legal opinion, or property survey should be submitted to the appraiser for consideration. The appraiser reserves the right to analyze all such information and amend the appraised value, if necessary.

This appraisal is NOT a HOME INSPECTION and the appraiser is NOT ACTING as a HOME INSPECTOR when preparing the report. When performing the inspection of this property, the appraiser visually observed areas that were readily accessible. The appraiser is not required to disturb or move anything that obstructs access or visibility. The inspection is not technically exhaustive. The inspection does not offer warranties or guarantees of any kind.

Highest and Best Use: The subject site's physical characteristics, such as size, dimensions, topography, and soil composite, is suitable for a single family residential improvement. The zoning allows single family residences. There are no deed restrictions, to appraiser's knowledge, that limits the improvement of the site with a single family residence. The economic trend of the area is clearly single family residences. The effective age of most homes in this area is lower than the actual age, which supports demand for existing housing. Subject is currently improved with a single family detached residence. The improvements make a substantial contribution to the total property in excess of the site. Therefore, the current use (single family residential) represents the highest and best use of the site.

COMPS OVER ONE MILE

Comparable sales over one mile away were used because they are the best available in this area. Expanding the search to a radius greater than one mile developed sales that are still within the same market. These sales are the best comparables to the subject property and are therefore used in this report.

COMPS OVER SIX MONTHS

A thorough search for comparable sales was made in this market area. Comparables that sold within six months of the date of appraisal were significantly different in location, size, age, conditions and other value influencing items. In the appraisers judgement, the comparables selected are a better indication of value than most recent sales.

NET ADJUSTMENT OVER 15%

A thorough search for comparable sales was made in an attempt to find ones with net adjustments of less than 15% of their sales price. After considering locations, dates of sale, physical differences, and special conditions, in the appraisers judgement, the sales selected are better indicators of the value of the subject property than those with smaller net adjustments

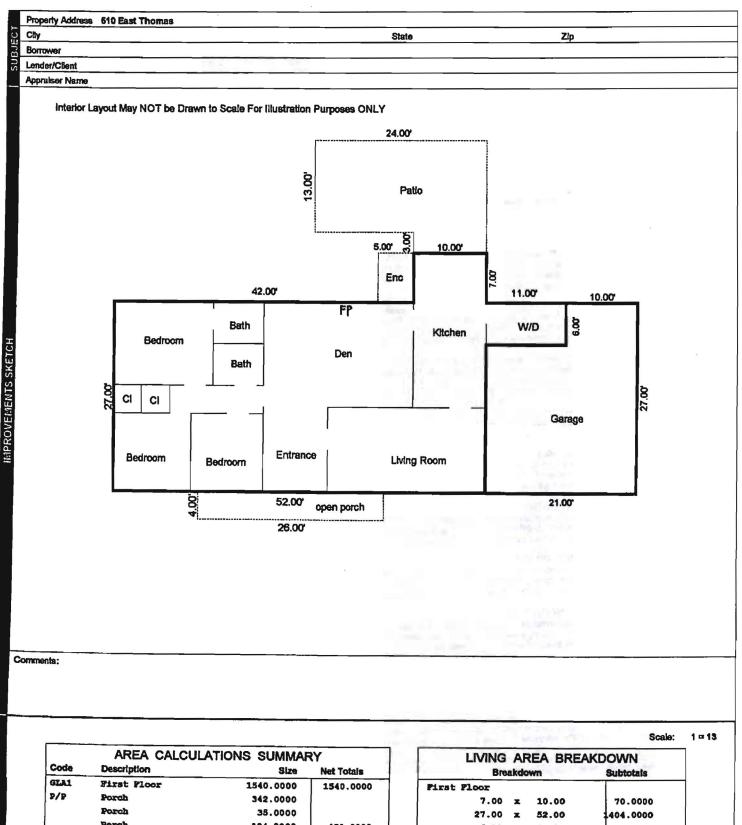

GROSS ADJUSTMENT OVER 25%

A thorough search for comparable sales was made in an attempt to find ones with gross adjustments of less than 25% of their sales price. After considering locations, dates of sale, physical differences, and special conditions, in the appraiser's judgement, the sales selected are better indicators of the value of the subject property than those with smaller gross

Digital Signature

This appraisal report contains digital signatures that meet the requirements of Statement on Appraisal Standards No.8 (SMT-8). The software programs used to transfer the report electronically provide digital signature security features for the appraiser signing the report. The appraiser that has signed (affixed an electronic signature) to this report has ensured that the electronic signature(e) is protected and the appraiser has maintained control of the signature. Per SMT-8 of the Uniform Standards of Professional Appraisal Practice, electronically affixing a signature to a report carries the same level of authenticity and responsibility as an original ink signature on a paper copy report.

ENVIRONMENTAL ADDENDUM

APPARENT* HAZARDOUS SUBSTANCES AND/OR DETRIMENTAL ENVIRONMENTAL CONDITIONS

Owner Address	Randall Gerdes 510 E Thomas Ave				
City Client	Jonesboro City of Jonesboro	County Craighead	State	AR	Zip code <u>72401-5022</u>
		vious, evident or manifest to the appraiser.			
	his universal Environmental Addendum is for o the property being appraised.	use with any real estate appraisal. Only the stateme	ints which have be	en checked	by the appraiser apply

This addendum reports the results of the appraiser's routine inspection of and inquiries about the subject property and its surrounding area. It also states what assumptions

were made about the existence (or nonexistence) of any nazardous substances and/or detrimental environmental conditions. Interpretable to the property in the unaware of existing hazardous substances and/or detrimental environmental conditions which may have a negative effect on the safety value of the property. It is possible that tests and inspections made by a qualified environmental inspector would reveal the existence of hazardous materials and/or detrimental conditions on or around the property that would negatively affect its safety and value.	and
ORINKING WATER	端 (
Drinking Water is supplied to the subject from a municipal water supply which is considered safe. However the only way to be absolutely certain that the water menulished standards is to have it tested at all discharge points. Drinking Water is supplied by a well or other non-municipal source. It is recommended that tests be made to be certain that the property is supplied with adequate water. Lead can get into drinking water from its source, the pipes, at all discharge points, plumbing fixtures and/or appliances. The only way to be certain that water does contain an unacceptable lead level is to have it tested at all discharge points. The value estimated in this appraisal is based on the assumption that there is an adequate supply of safe, lead—free Drinking Water.	pure

MULTI-PURPOSE SUPPLEMENTAL ADDENDUM FOR FEDERALLY RELATED TRANSACTIONS

Bob Gibson Appraisal Service

		5.9			
Owner	Randall Gerdes				1
Property Address	510 E Thomas Ave			11/163 3	
City	Jonesboro	County Craighead	State AR	Zip Code 72401-5022	
Client	City of Joneshoro				

This Multi-Purpose Supplemental Addendum for Federally Related Transactions was designed to provide the appraiser with a convenient way to comply with the current appraisal standards and requirements of the Federal Deposit Insurance Corporation (FDIC), the Office of the Comptroller of Currency (OCC), The Office of Thrift Supervision (OTS), the Resolution Trust Corporation (RTC), and the Federal Reserve.

This Multi-Purpose Supplemental Addendum is for use with any appraisal. Only those statements which have been checked by the appraiser apply to the property being appraised.

	Market Control of the
[]	PURPOSE & FUNCTION OF APPRAISAL
	urpose of the appraisal is to estimate the market value of the subject property as defined herein. The function of the appraisal is to assist the above-named or in evaluating the subject property for lending purposes. This is a federally related transaction.
M	EXTENT OF APPRAISAL PROCESS
×	The appraisal is based on the information gathered by the appraiser from public records, other identified sources, inspection of the subject property and neighborhood, and selection of comparable sales within the subject market area. The original source of the comparables is shown in the Data Source section of the market grid along with the source of confirmation, if available. The original source is presented first. The sources and data are considered reliable. When conflicting information was provided, the source deemed most reliable has been used. Data believed to be unreliable was not included in the report nor used as a basis for the value conclusion.
: 1	The Reproduction Cost is based onsupplemented by the appraiser's knowledge of the local market.
M	Physical depreciation is based on the estimated effective age of the subject property. Functional and/or external depreciation, if present, is specifically addressed in the appraisal report or other addenda. In estimating the site value, the appraiser has relied on personal knowledge of the local market. This knowledge is based on prior and/or current analysis of site sales and/or abstraction of site values from sales of improved properties.
×	The subject property is located in an area of primarily owner-occupied single family residences and the income Approach is not considered to be meaningful. For this reason, the Income Approach was not used.
	The Estimated Market Rent and Gross Rent Multiplier utilized in the Income Approach are based on the appraiser's knowledge of the subject market area. The rental knowledge is based on prior and/or current rental rate surveys of residential properties. The Gross Rent Multiplier is based on prior and/or current analysis of prices and market rates for residential properties.
i I	For income producing properties, actual rents, vacancles and expenses have been reported and analyzed. They have been used to project future rents, vacancles and expenses.
X	SUBJECT PROPERTY OFFERING INFORMATION
XIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIII	the subject property: has not been offered for sale in the past: 30 days 1 year 3 years. ssumptions, Limiting Co	iditions a scope of work	File No.;	The state of the s
Property Address: 510 E Thomas Ave	City: Jonesboro	State: AR	Zip Code: 72401-5022
Client; City of Jonesboro	Address:		
Appraiser: Bob Gibson CG0247	Address: 420 West Jefferson Suite A. Jone	eshoro, AR 7240)1

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS — The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis

of it being under responsible ownership.

— The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless

otherwise Indicated, a Land Survey was not performed. - If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific

arrangements to do so have been made beforehand.

If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.

— The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs; depreciation, the presence

of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of

- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.

- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal

Practice, and any applicable federal, state or local laws.

— It this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.

— An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the elient does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements will be appraised to the client at the time of the applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment:

-The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through

advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.

— An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.): See Addenda

Certifications Property Address: 510 E Thomas Ave File No City: Jonesboro State: AR Zip Code: 72401-5022 City of Jonesboro Address Appraise: Bob Gibson, CG0247 APPRAISER'S CERTIFICATION Address: 420 West Jefferson, Suite A, Jonesboro, AR 72401 certify that, to the best of my knowledge and belief: The statements of fact contained in this report are true and correct.

The credibility of this report, for the stated use by the stated user(s), of the reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions. - I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved. I have no blas with respect to the property that is the subject of this report or to the parties involved with this assignment. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
 My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction.
 In value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent. event directly related to the intended use of this appraisal. Wy analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.

—I did not base, either partially or completely, my analysis and/or the opinion of value in the appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the professional Appraisal report of the professional Appraisal report on the race, color, religion, and the professional Appraisal report of the professional Appraisal report on the race, color, religion, and the professional Appraisal report of the professional Appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the professional Appraisal report of the professional Appraisal report on the race, color, religion, and the professional Appraisal report on the race, color, religion, and the report of the professional Appraisal report on the race, color, religion, and the report of the professional Appraisal report of the sex, handleap, familial status, or national origin of either the prospective owners or occupants of the subject property, or of the present owners or occupants of the properties in the vicinity of the subject property. Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report. Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification. Additional Certifications: Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus.

Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: 1. Buyer and seller are typically motivated; 2. Both parties are well informed or well advised and acting in what they consider their own best interests; 3. A reasonable time is allowed for exposure in the open market; 4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. Trained by anyone associated with the sale.

* This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions
Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System
(FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS),
and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS,
FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994. PRIVACY NOTICE

Pursuant to the Gramm-Leach-Billey Act of 1999, effective July 1, 2001, Appraisers, along with all providers of personal financial services are now required by federal law to inform their clients of the policies of the firm with regard to the privacy of client nonpublic personal information. As professionals, we understand that your privacy is very important to you and are pleased to provide you with this information.

Types of Nonpublic Personal Information We Collect

In the course of performing appraisals, we may collect what is known as "nonpublic personal information" about you. This information is used to facilitate the services that we provide to you and may include the information provided to us by you directly or received by us from others with your authorization.

Parties to Whom We Disclose Information

We do not disclose any nonpublic personal information obtained in the course of our engagement with our clients to nonaffiliated third parties, except as necessary or as required by law. By way of example, a necessary disclosure would be to our employees, and in certain situations, to unrelated third party consultants who need to know that information to assist us in providing appraisal services to you. All of our employees and any third party consultants we employ are informed that any information they see as part of an appraisal assignment is to be maintained in strict confidence within the firm.

A disclosure required by law would be a disclosure by us that is ordered by a court of competent jurisdiction with regard to a legal action to which you are a party.

Confidentiality and Security

We will retain records relating to professional services that we have provided to you for a reasonable time so that we are better able to assist you with your needs. In order to protect your nonpublic personal information from unauthorized access by third parties, we maintain physical, electronic and procedural safeguards that comply with our professional standards to insure the security and integrity of your information.

Please feel free to call us an any time if you have any questions about the confidentiality of the Information that you provide to us
