6. OTHER BUSINESS

Councilmember Dr. Anthony Coleman said, I have a question so I can get this right. This is the one with like JETS, because I think last time they were at Finance. Are they supposed to be at this meeting? It's Finance? Chairman John Street nodded his head yes. Councilmember Dr. Anthony Coleman said, okay I just wanted to make sure. Are there any other departments that supposed to be in this one? Just any other departments that usually come show this one, because I'm kind of confused. Chairman John Street said, on which one? Councilmember Dr. Anthony Coleman said, on this committee. Chairman John Street said, Engineering, Sanitation and Street Department. Councilmember Dr. Anthony Coleman said, yeah ok that's what I thought.

Councilmember LJ Bryant said, Mr. Chairman, when we dissolved Public Services what was the thought process? I can't remember what the thought process was. Chairman John Street said, they split that between Public Safety and Finance. The actions are those committees will be split between those two since they didn't meet that often. That's all I know.

Councilmember Dr. Anthony Coleman said, that's really kind of in reference to what I was asking. But thank you. Chairman John Street said, yeah nothing extra came to Public Works.

Councilmember Ann Williams said, I thought it was Public Works. Chairman John Street said, Let's see, well, but JETS usually ends up being Finance. JETS might have come to Public Works. We haven't had anything before us from that since it has dissolved though. To my knowledge.

Councilmember LJ Bryant said, I guess in the old days Public Works was mostly Parks and JETS, I guess, right? Public Services was the one we dissolved. Chairman John Street said, that was Parks that had the Cemetery Committee on here.

Councilmember Dr. Anthony Coleman said, can we get a email just saying what departments? Councilmember Kevin Miller said, a break down. Chairman John Street said, April can you send us an email on that breaking that down. City Clerk April Leggett said, yes I can do that.
