November 24, 2009

The Honorable Harold Perrin
Mayor of Jonesboro
P.O. Box 1845
Jonesboro, AR 72403-1845

Dear Mayor Perrin:

Reference is made to your recent letter requesting verification of the required repayment if the project to signalize the intersection of Highways 63B and 351 is cancelled.

The \$15,993.45 mentioned in the October 9, 2009 letter from the Federal Highway Administration (FHWA) to Director Dan Flowers is the Federal-aid portion of the expenditures that would have to be repaid. Since that letter was written by the FHWA, the Department finalized the total expenditures for the project.

As mentioned in my November 12, 2009 letter to you, a total of \$31,979.44 has been expended. Since this project was programmed to be funded with 50% Federal-aid funds and 50% City funds, the Federal-aid share that will have to be repaid is actually \$15,989.72. However, the City's repayment must also cover the amount of State funds that the Department has expended on the project. Therefore, the total repayment required from the City is the balance of funds expended, which is \$31,979.44, minus the City's deposit, which was \$11,000, for a total repayment of \$20,979.44.

If additional information is needed, please advise.

Sincerely,

A handwritten signature in cursive script that reads "Frank Vozel".

Frank Vozel
Deputy Director
and Chief Engineer

c: Assistant Chief Engineer – Planning
Programs and Contracts
District 10
